

## TOSCA CHAIR

An elegant seating shell in powdercoated stainless steel is upholstered with extra-large, vertical braiding. The braiding material is genuinely innovative : foam mousse is encased in a seamless sheath of knitted textilene and polyolefine which makes the material weather-resistant, but also surprisingly soft to touch. The seating comfort is especially pleasant, also thanks to the comfortable outdoor cushions.

Frame : 304 stainless steel, powdercoated with ultra durable polyester coating.

Upholstery : braiding with EPDM foam mousse in a knitted sheath of Tricord (polyolefine) and textilene. UV-, rot and mildew resistant. Tested in Xenon 2500 hours, QUV 2500 hours and 1 year real weather test in Belgium and Singapore.

Seat : Batyline®

Cushions : water-repellent filling, UV-resistant outdoor fabric

## DIMENSIONS (cm's)

59 L x 65 D x 71 H
