

## TOSCA SUNLOUNGER

The Tosca outdoor collection is simultaneously warm and inviting, stylish and intriguing. It was the first time Tribù called upon a female designer. Femininity and emotion were key words in designing this exclusive lounger. The material used for the vertical braiding can be undoubtedly defined as innovative: extra wide, weatherproof weave with EPDM mousse in a seamless, knitted sleeve made out of polyolefin and textilene. The material has a natural appearance, and is also 100% weatherproof. The comfortable outdoor cushions guarantee a pleasant seating comfort.

## DIMENSIONS (cm's)

210 L x 84 W x 31 H

## AVAILABLE FINISHES

Available in a variety of finishes.
