

TOSCA DAY BED

The Tosca collection is simultaneously warm and inviting, stylish and intriguing. Femininity and emotion were keywords in the design of this collection: rounded forms and an elegant seating shell in powdercoated stainless steel, upholstered with extra-wide braiding. The material for the braiding is genuinely innovative : foam mousse is encased in a seamless sheath of knitted textile and polyolefine which makes the material weather-resistant, but also surprisingly natural and soft to the touch. The Tosca daybed is an ideal setting to enjoy the sun with your loved ones, the perfect place for daydreaming. The seating comfort is especially pleasant, thanks to the comfortable outdoor cushions. The soft ton-sur-ton colours in linen emphasize the chic character of this luxurious daybed.
