WENDELBO INTRO

The story of Wendelbo is about a company which, for six decades and over the course of three generations, has been driven by a strong passion for design.

It is the story of a family business specialising in the production of upholstered furniture where design, functionality and quality are characteristics.

With its deep roots in the Scandinavian design mindset and the Danish tradition of craftsmanship, Wendelbo develops and produces contemporary furniture that meets the needs of today's world – furniture that is created in the interface between innovation and functionality, combining modernity and history. Each design has its own identity

CAMPO

A streamlined silhouette and square arms, with an added refined touch in the button-tufted seat cushion.

BLADE

Sharp and well defined, straight lines and cubic edges provide a stark contrast to the soft interior, with upholstered sides and super soft scatter cushions to throw around. Full modularity for your individual expression.

12

EDGE

A floating sofa design with lightness and edge
as the main features

EDGE

There is a floating lightness about this sleek sofa standing elegantly on its slender steel legs. The seat and cushions add a sharp visual edge without compromising on comfort.

16

LOBBY

A characteristic, organic and sculptural shape embracing the user.

CHILL

Relaxed and comfortable yet with a stern expression,
With a horizontal cut that makes the seat hover between the slim legs...

Design 365° NORTH

PEAK

The frame of the sofa rising above, like the peaks of a mountain.
Your everyday cosy nest.

VISTA

With reference to a distant view along an avenue

24

RAFT

Relaxation taken to another level

Design 365° NORTH

DEFINE

Define your own arrangement, define the way you sit, define the way you chill out, and define exactly where and how. No matter what, Define can fulfil any need and can be positioned flexibly and individually.

DEFINE.

An infinite number of arrangements

MOOD

Classic elegance and Scandinavian lightness

SKILLS AND TRUE CRAFTSMANSHIP HAND IN HAND

Wendelbo is dedicated to creating modern furniture of the highest quality. This ambitious vision is realised through the use of honest materials and innovative design.

It all starts with a creative idea taking shape on the designer's drawing board. This idea is then allowed to unfold before it materialises into a comfortable piece of furniture in Wendelsbo's collection.

From the designer's first lines to the finished furniture in the catalogue, a great deal of dedicated work needs to be done.

Knowing that a good design is the sum of a clear and original form, high quality materials and craftsmanship with maximum attention to detail, Wendelbo maintains complete focus on all phases of the production.

Values such as long-term durability and aesthetic design are paramount, with modern techniques being combined with traditional craftsmanship to ensure the high quality of each item.

Only the best materials find their way into production, which is in the hands of skilled and dedicated craftsmen. The result is long-lasting furniture made with care and skill from the very first idea to the packed and delivered item.

NOVA

The Scandinavian design heritage is present in this
simplistic and classic model

SURFACE

Like a line in the horizon

SUNDAY

An accommodating easy chair that simply invites you to relax – Sunday, Monday, Tuesday...

LANDSCAPE

A clear design language with many opportunities

HUG

The Hug chair welcomes you with open arms, as the chair embraces you while offering you a nice snug seat.

LOFT

If comfort matters, or if you are looking for the real New Yorker loft feeling, we offer an inviting modular sofa with a variety of combinations and room for the whole family.
