## GREGOR — VINCENT VAN DUYSSEN 2019

1—  
9

Vincent van Duysen continues his research into the world of contemporary living by designing this Gregor modular system for Molteni&C. It includes various straight, corner or peninsular units that can be mixed and matched together to give multiple combinations for a living space destined for conversation, reading and entertainment, with all the media devices readily available. The multiple features distinguishing this range underline the overall lightness of the design. The steel base, in a new zinc finish, supported by small feet that recall VVD's most recent furniture designs, such as the Quinten sideboards or the Jan small tables, is covered in leather, as are the winged armrests suitable for supporting soft cushions while at the same time acting as a useful surface.

This symbol shows that the product has removable upholstery. Only qualified personnel can remove the upholstery of some of our products. If this information is pertinent, it will be included in the warnings section.

This symbol shows that the product is available on request in a fire resistant version that complies with the standards BS 5852 and TB 117-2013. The buyer is responsible for checking to make sure that the product is suitable and compliant with the requirements for the designated use and the current applicable laws and standards for the destination and use of the product.
