FABRIC COLLECTION

Since the launch of our first canvas bags in 2008, the Fabric Collection has evolved from four basic canvas styles, to become a broad and outstanding collection of unique contemporary men's bags designed for the style-savvy quality-conscious consumer, meeting every need of the modern traveller with sleek cardholders to meticulously crafted travel bags.

The Fabric Collection combines classic design virtues and sophistication with Mismo's flair for detail and modern functionality. The range features both professional and everyday bags, crafted from premium Italian fabrics, selected for their unrivalled technical qualities and tactile sensibilities.

The collection is available in a select range of classic and exclusive seasonal colours. Constantly seeking to define the essence of masculine elegance, the fabrics range from plain-woven canvas to heavy-duty ballistic nylon and are always paired with Mismo's customised hardwearing full-grain leather trim accessorised with either solid brass or gunmetal hardware.

New models are launched seasonally so the collection is always stylishly current. The collection is split into three sub-collections APPEARANCE, LEGACY & EXPRESSION divided by the fabrics' technical capabilities.

APPEARANCE

Ever present in the most stylish way. An elegant assortment of carefully selected bags and accessories for the modern professional and avid traveller. LEGACY

To many people the true legacy of Mismo is a cotton canvas bag. When launching the first fabric bags in 2008, we used a particular tight-woven cotton canvas article, a feature that helped bring Mismo bags to international attention at renowned fashion and concept stores worldwide. The premium canvas fabric was originally developed for the Italian military, underlining the durability and aesthetics of this fine and tight-woven canvas. We have set the scene for a line of bags that will stylishly accompany you as you navigate through life, whether casually dressed for urban exploration or for adventures at remote retreats in nature's great outdoors.

We love tennis! Everything surrounding this beautiful game is pure class. A gentleman sport where athletes wear polo shirts and white skirts! Think strawberry and champagne at Wimbledon, epic marathon matches on the dusty clay courts of Roland Garros and the fact that no matter how far away in the countryside you find yourself, there always seem to be a local tennis court tucked away behind pine trees. We thought the game deserved a bag just as stylish as everything that surrounds it. Hence we bring you the M/S Tennis. We've build ours around the classic racket shape, chosen our best fabrics and paired it elegantly with bridle leather detailing and reinforcing throughout. The bag holds two main compartments; one will easily fit three rackets, the other perfect for the towel, shoes and extra polo and sweater. Both compartments feature an inside zip pocket with suede detailing big enough to hold iPad, keys, plaster, overgrip etc. On the outside front a small zip pocket provides easy access for small essentials. Comes with two adjustable shoulder straps allowing for a normal shoulder hung carrying option or as a backpack. Game, Set & Match!

With slimmer proportions and added functionality the M/S Rucksack however should quickly be able to make a name of its own. It meets a rising demand for a neat and dynamic companion that will hold all the necessities of a day out on the town – with style. Features two deep and easy accessible outside open pockets to the front and a zipped compartment to the back that will hold, magazines, iPad or 11" laptops. The inside boasts a padded laptop compartment to the back, and a zipped leather pocket to the front with two open slide-down pockets below.

There's an indefinable but still very distinct class to a handheld tote bag. We've tried a few ourselves over the years... However, it's always a bit offset by the need for that shoulder-hung practicality. With the M/S Raise we're trying to build bridges and allow for both options. Elongated bridle leather handles for the shoulder-hung option with a short and firmly stitched-on cross handle for the hand held option is the real signature of the M/S Raise. Build tall and slim, with double leather borders on front and back to support its stand, it's a tote bag that will accompany you equally well whether heading for weekday business or Sunday markets. Organization can be kept neat and tight inside with the fully closable laptop/magazine compartment to the back and a zipped pocket with two slide-down pockets below to the front. A small brass D-ring and our signature sailor hook attached to the top of the inside border provides a casual but handy closure mechanism.

Comes with a detachable leather strap that can be used as hook, handle or to neatly keep the bag tight and in place when filled and folded up.
