First 24 Hours

Your Panda Charcoal Pillow will arrive in a slim cardboard mailer. Ready for use after unboxing, you may want to let your pillow air out and reach room temperature over the course of 24 hours.

Optionally, you can unzip and remove the OEKO-TEX® certified fabric cover from your Panda Charcoal Pillow and machine-wash it. Do not machine-wash the memory foam core of your pillow, and hang the case to dry — do not machine-dry.

The slim design of the Panda Charcoal Pillow is ideal on its own or when paired with other pillows. Since the Panda Charcoal and Panda Lavender pillows share the same dimensions, they fit well together in a single pillowcase and provide added antimicrobial synergy.

Warranty

Your Panda Charcoal Pillow covered by a 1-year warranty. This warranty includes one year of zero-cost returns, repairs, or (if necessary) replacements.

The warranty on your Panda Charcoal Pillow becomes void in instances of negligent, improper, or unreasonable use such as:

- Bending, folding, ironing, or cutting the pillow
- Exposing the pillow to damaging cleaning products
- Storing the pillow in direct sunlight or exposing it to moisture
- Cleaning the pillow in a way that does not follow provided instructions
- Placing the pillow too close to a heat source
- Other negligent, improper, or unreasonable actions that damage your pillow

Repair or replacement of the pillow extends, but does not restart, the warranty period.
