**First 24 Hours**

Your Panda Foldable Bed will arrive fully decompressed and ready for use. Consider allowing your foldable bed to air out and reach room temperature for 24 hours before using it for the first time.

The Panda Foldable Bed’s OEKO-TEX® certified cover is fully removable and machine-washable. Optionally remove the cover from the foam slabs, wash it, and hang it to dry.

Try your Panda Foldable Bed in a few different positions. Remember to keep the soft memory foam top side up.

**Warranty**

Your Panda Foldable Bed is covered by a 1-year warranty. This warranty includes one year of zero-cost returns, repairs, or (if necessary) replacements.

The warranty on your Panda Foldable Bed becomes void in instances of negligent, improper, or unreasonable use such as:

- Bending, folding, ironing, or cutting the bed
- Exposing the bed to damaging cleaning products
- Storing the bed in direct sunlight or exposing it to moisture
- Cleaning the bed in a way that does not follow provided instructions
- Placing the bed too close to a heat source
- Other negligent, improper, or unreasonable actions that damage your bed

Repair or replacement of the bed extends, but does not restart, the warranty period.
