First 24 Hours

Your Panda Wedge Pillow will arrive compressed in a medium-sized box. Remove the pillow from the box, and puncture its vacuum seal to begin the decompression process. The base foam of your Wedge Pillow will decompress almost immediately. The soft foam topper, however, may take eight hours to fully expand with corners filling in over the course of 18-24 hours. While you wait for your pillow to fully expand, optionally remove and wash its sustainable fabric cover. Once it’s ready for use, experiment with your Panda Wedge Pillow in bed, on the floor, or on the couch.

Warranty

Your Panda Wedge Pillow covered by a 1-year warranty. This warranty includes one year of zero-cost returns, repairs, or (if necessary) replacements. The warranty on your Panda Wedge Pillow becomes void in instances of negligent, improper, or unreasonable use such as:

- Bending, folding, ironing, or cutting the pillow
- Exposing the pillow to damaging cleaning products
- Storing the pillow in direct sunlight or exposing it to moisture
- Cleaning the pillow in a way that does not follow provided instructions
- Placing the pillow too close to a heat source
- Other negligent, improper, or unreasonable actions that damage your pillow

Repair or replacement of the pillow extends, but does not restart, the warranty period.
