

# Horizontal Post Storage Carts

## Featured Product: Model HPSC

### Compact storage. Easy transportation.

Store posts efficiently and transport them easily with the Horizontal Post Storage Cart, available in 12 and 24 post capacities. The 24 post model is the largest capacity on the market and allows you to store 24 posts in just a 45" x 34.5" space, compared to 54" x 84" for posts stored on the floor - that's 1/3rd the storage footprint.

**Compact shipping:** via UPS or FedEx to avoid expensive freight costs

**Small storage footprint:** store posts horizontally when not in use instead of using up floor space

Model # HPSC-24

**Assembles quickly and easily:** in about a half hour by one or two people, compared to up to an hour and a half for other similar storage carts. All tools and hardware included.

Model # HPSC-12

### Additional Features

- ▶ Compatible with all manufacturer's retractable or conventional stanchions up to 2 3/4" diameter
- ▶ The HSPC-24 will fit through standard 80" doorways with 21 posts loaded on the cart
- ▶ **Padded surfaces:** protect the post finish
- ▶ **Bungees:** secure posts on top rack of 24 Post Cart

Dimensions	Empty	Full
12 Post Cart	33"L x 33" W x 42" H	45"L x 34.5"W x 45"H
24 Post Cart	33"L x 33" W x 77" H	45"L x 34.5"W x 81"H

**Swivel wheels:** maneuver the cart easily but lock into place when stationary

**Upgrade from a 12 to 24 capacity cart:** easily add extension at any time
