MY POOLIPRINTER PARTS

- 1 Power Button
- 2 Detachable Magnetic Beak

- 3 USB Connector
- 4 Reset Button

2

HOW TO USE

Powering ON/OFF

Hold power button for 2 seconds to turn ON/OFF PooliPrinter.

Light Status

- ◆ **Continuous:** Standby / Charging Completed
- ◆ **Slow Flash:** Charging / Updating
- ◆ **Fast Flash:** Out of paper roll / Cover Open / Low Battery

Recharging

Fully recharge your device before the first time use.
It can be recharged from a USB charger.
It takes about 90 minutes to fully recharge.

3

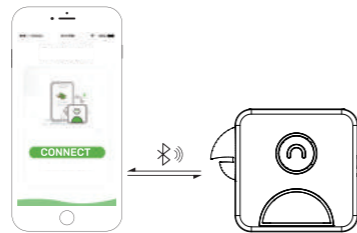

📱 DOWNLOAD THE POOLI APP 📱

4

📶 BLUETOOTH CONNECTION 📶

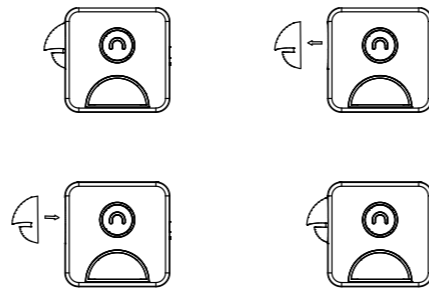

- ◆ Open the App and click "CONNECT".
- ◆ Connect to the device by searching for Bluetooth or Double tap the Power Button on your PooliPrinter to print a QR Code and scan to connect.

5

🧲 MAGNETIC BEAK 🧲

You can simply move the magnetic beak as follow:

6

📶 HOW TO REPLACE A PAPER ROLL 📶

- ◆ Hold your PooliPrinter vertically as shown on **Figure 1**
- ◆ Push down the cover as shown on **Figure 2**
- ◆ When replacing a paper roll, place the roll of paper coming out in the direction as shown on **Figure 3**
Note: Some paper rolls may have to be placed upside-down.
- ◆ Once the paper roll is properly installed you can close the cover back to its original shape.
