DIRECTIONS FOR USE

EXTREME HAIR STRENGTHENING HAIR CARE OIL

There are so many ways to apply this hair mask. Some recommend damp clean hair, and some recommend completely dry 3rd-day hair. Personally, I like to apply a hair mask when my hair is completely dry before I wash. I comb my hair into 3 sections so I can evenly distribute the product. Depending on my schedule, the hair mask may sit for 10 minutes, 3 hours, or overnight. It's mostly preference. Sometimes I put a heat cap on and blow dry my hair on a low heat so the mask can penetrate my hair. It's up to you what kind of effort you want to put into your hair mask. The only step of mine that doesn't change is that I always wash my hair after. The quantity you use should be enough to saturate your scalp and your hair comfortably.
