PRODUCT DESCRIPTION:
The MaxLite sealed Jelly Jar series offers a great value with its market leading enclosed rated LED lamps. These fixtures have multiple uses in cooler walk-in applications, high traffic areas susceptible to impact damages, or public spaces where lamp protection is important. Featuring aluminum die-cast bodies and guards, with a polycarbonate clear lens. These fixtures use EPDM gasketing, and brass assembly screws for the highest durability and long life.

FEATURES:
• Optional dusk to dawn lamp with integrated photocell
• Die Cast body and cages
• Polycarbonate enclosures
• Multiple side and rear knockouts
• Locking Allen screws to secure cages in place
• See page 2 for operating temperature ranges – lamp dependent

CONSTRUCTION:
• UL Listed for self ballasted LED Lamps
• Wet Rated
• Ceramic high temp sockets used
• Die Cast using ADC12 aluminum material
• Silver Powder Coat finish

CONTROL:
• Circuit controlled dimming is supported based on lamps used
• Knockouts are ½" trade size and support external photo-control device installation

WARRANTY:
5-year standard warranty* (further details available at www.maxlite.com/warranties)

*Product may be eligible for a warranty extension to 10 years, for an additional fee. Contact MaxLite for details.
