

VERIFICATION OF CONFORMITY

Approval Holder Name : Puff Corporation

Approval Holder Address : 1201 W. 5th Street Suite T-800, Los Angeles, CA 90017 USA

Product(s) : PUFFCO Plus V2

Model(s) : Plus V2, Vision Plus

Technical Specification : DC 5V 1A powered by Adapter.
(Adapter is a support unit supplied by Eurofins.
Model: SR-C50501000U1; Input: AC 100-240V, 50/60Hz, 0.2A
Output: DC 5V 1A)
Internal rechargeable battery: DC 3.7V

Brand name : PUFFCO

Relevant Standard(s) : EN IEC 55014-1:2021
EN IEC 55014-2:2021
EN IEC 61000-3-2:2019/A1:2021
EN 61000-3-3:2013/A1:2019

Directive(s) : EMC equipment Directive 2014/30/EU

Verification Number : EFGX22050091-IE-01-V01

Report Number(s) : EFGX22050091-IE-01-E01

Project Number : EFGX22050091-IE-01

NOTE 1: This verification is part of the full test report(s) and should be read in conjunction with it.

This is the result of tests carried out on those samples of the product referred to above which were submitted for testing, in accordance with the specification for the respective standards. The sample(s) of the tested product has been found to comply with the relevant standard/specification to the directive(s) listed on this verification at the time the tests were carried out. The manufacturer according to definition by EU directive may indicate compliance to said directive(s) by signing a DoC himself and applying the CE-marking to products identical to the tested sample(s). In addition, the manufacturer shall file and keep the documentation according to the rules of the applicable directive(s) and shall consider changes of the standard(s) if relevant. Additional requirements may be applicable such as additional directives or local laws.

The 'CE' marking shall consist in the initials 'CE' taking the following form:

The 'CE' marking must be affixed to the product/s or to its marking plate. Where this is not possible or not warranted on account of the nature of the products, it must be affixed to the packaging, if any, and to the accompanying documents.

Statement

This Verification is for the exclusive use of Eurofins's client and is provided pursuant to the agreement between Eurofins and its Client. Eurofins's responsibility and liability are limited to the terms and conditions of the agreement. Eurofins assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Verification. Only the Client is authorized to permit copying or distribution of this Verification. Any use of the Eurofins name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Eurofins. The observations and test/inspection results referenced in this Verification are relevant only to the sample tested/inspected. This Verification by itself does not imply that the material, product, or service is or has ever been under a Eurofins certification program.

VERIFICATION OF CONFORMITY

Approval Holder Name : Puff Corporation

Approval Holder Address : 1201 W. 5th Street Suite T-800, Los Angeles, CA 90017 USA

Product(s) : PUFFCO Plus V2

Model(s) : Plus V2, Vision Plus

Technical Specification : Additional information on page 2

Brand name : PUFFCO

Designated Standard(s) : Additional information on page 2

UK Statutory Instrument(s) : The Electromagnetic Compatibility Regulations 2016 (UK S.I. 2016 No.1091), as amended by the Product Safety and Metrology etc. (Amendment etc.) (EU Exit) Regulations 2019 (UK S.I. 2019 No.696)

Verification Number : EFGX22050091-IE-01-V02

Report Number(s) : EFGX22050091-IE-01-E01

Project Number : EFGX22050091-IE-01

NOTE 1: This verification is part of the full test report(s) and should be read in conjunction with it.

This is the result of tests carried out on those samples of the product referred to above which were submitted for testing, in accordance with the specification for the designated standards. The sample(s) of the tested product has been found to comply with the designated standards to the UK Statutory Instrument(s) listed on this verification at the time the tests were carried out. The manufacturer according to definition by The Electromagnetic Compatibility Regulations 2016 may indicate compliance to said UK Statutory Instrument(s) by signing a UK DoC himself and applying the UKCA marking to products identical to the tested sample(s). In addition, the manufacturer shall file and keep the documentation according to the rules of the applicable UK Statutory Instrument(s) and shall consider changes of the standard(s) if relevant. Additional requirements may be applicable such as additional UK Statutory Instrument(s). The verification does not include an assessment of the manufacturer's production. Conformity of his production with the specimen tested by Eurofins is not the responsibility of Eurofins.

The 'UKCA' marking shall consist in the initials 'UKCA' taking the following form with height of at least 5 mm:

The UKCA marking must be affixed visibly, legibly and indelibly to the equipment. Where this is not possible or warranted because of the nature of the equipment, the UKCA marking must be affixed on the packaging and accompanying documents. In any event, until 31 December 2022, the UKCA marking may be affixed to a label or a document accompanying the equipment.
