GYP

Gyp is a red and white Australian Shepherd dog that loves people and children. Full of energy, she loves playing fetch with her Frisbee. Thinking it is her job to keep all local squirrels treed, Gyp leaps high in the air to try and reach them. She is very gentle with lambs, chickens and chicks. Snakes are fair game tho, and she has become an avid snake destroyer, her thankful human reports. When the door of the small, white Toyota pickup opens, she is the first one in, ready to go. Gyp is a polite little lady when dining, usually only eating when her humans aren't watching. Or when offered a treat, she daintily takes it in her lips, hides it for later and returns for attention. Every evening, she does a patrol of the Kansas farm where she lives, then curls up on the doormat with her three cat friends for night.
