POUR

Vegetable based, melt and pour soap base containing goats milk, used for manufacture of opaque soap bars. Crystal soap bases are ideal for manufacturers, brands and home hobbyists. Simply Melt, Mix, Pour, Create.

- > All vegetable based
- > Made using Goat's Milk
- > Excellent foaming
- > Good moisturising from a very high glycerine content which provides a pleasant skin feel
- > Superior colour stability even if kept at a high temperature for extended periods
- > Neutral odour provides excellent fragrance lift
- > Suitable for slicing or moulding

Goat's milk is naturally high in vitamins and minerals and rich in butterfats which makes it the perfect moisturiser. Vitamin E, which is the skin's best friend, is found in abundance. There are no added colours or scents. A creamy smooth texture that is a fabulous moisturiser and nourishing for the skin.

MADE IN ENGLAND

GUIDE RECIPE

Here we show you how to create a simple **Crystal Goat's Milk Soap Bar**.

To create your very own set of hand made glycerin soap bars, here is what you'll need:

- > **Crystal Goat's Milk** - Slice into meltable chunks
- > Fragrance if you wish
- > Add dried Botanicals if you wish
- > A soap mould and slicer
- > Microwave / Double boiler

Open / Cut - Simply open the packaging, safely cut the Crystal soap base into smaller cubes, doing this will make the soap easier to handle and melt.

Melt - Gradually heat the soap base ensuring that the soap melts evenly and does not boil and burn. If you are melting in a microwave please be careful and keep an eye on the soap as it can bubble over the container.

Mix - You can use Essential Oils, Fragrances, Colours, Botanicals and Additives. Simply add to the melted soap base, mix gently ensuring that any fragrance you have added is evenly distributed throughout the soap base.

Pour - Working quickly, simply pour your soap base into your soap mould. At this point you can add dried botanicals to the surface of the soap, by gently pressing them into the top of the soap if you wish.

Create - Once your soaps have set and fully hardened simply remove from the moulds. We recommend always wrapping your soap bars immediately after releasing from the moulds to protect and preserve the soap.

PACKAGING

Crystal Melt & Pour soap bases are available in a range of packaging, just pick a size that suits your needs:

- > 1KG Tray / 2LB
 - > 11.5KG Box / 25LB
-
