Instruction Manual

Koi Fish Decor Top Installation

To install the Koi Fish Finial you will need to use the clear extension tube included with your Bernini™ Fountain.

Before installing the extension tube, **pull the two ends of the extension tube apart to about 9 inches (22.8cm).**

Step 1: Remove the silicone cap from the top of the extension tube.

Step 2: Attach the extension tube to the water outlet in the middle of the fountain tier. **NOTE:** Extension must be included.

Step 3: Put the Koi Fish Finial over the top of the extension tube. Be careful to keep the tube centered in the hole at the top of the Koi Fish Finial.

Step 4: The Koi Fish Finial locks into place using a key system in the middle of the fountain tier. (See illustration to the right) Align the bottom of the finial to the top of the fountain tier and twist the Koi Fish Finial a quarter turn clockwise to lock it into place.

**Bottom of
Koi
Fish Finial**

Top of Fountain Tier

Note: You will notice that there are two different sized tabs on the bottom of the Koi Fish Finial and there are two corresponding grooves in the top of the Fountain Tier. These tabs fit together and lock when turned clockwise.

Koi Fish Decor Top Installation (continued)

Step 5: Replace the silicone cap on to the extension tube.

Step 6: Press the extension tube down until it is level with the Koi Fish Finial.

At this point, your fountain should look like the image on the left. You are now finished installing the Koi Fish Finial. Turn on your fountain and enjoy!
