## Pediatric Electrolyte

One Cassette = 10 Strips  
Salty with a kick of grape!

### Product Information

Packed with electrolytes and great taste that kids love, Solves Strips® Pediatric Electrolyte Strips are specifically formulated for children to quickly replenish electrolytes and aid fluid retention. Solves Strips® Pediatric Electrolyte Strips are easy to take and administer. A safe and effective product that replaces lost electrolytes associated with symptoms of flu, diarrhea, vomiting, extreme climates, or strenuous exercise. Solves Strips® Pediatric Electrolyte does not replace lost fluids, so regular consumption of water or other fluid is necessary.

Keep in a cool, dry place. Store at 68° - 77° F. Protect from moisture, heat and humidity.

Tamper Evident: Packaged for protection and freshness. Do not use if package has been opened. Use under medical supervision.

#### DOSAGE AND DIRECTIONS FOR USE:

Place strips inside mouth, on the inside of the cheek or tongue. For Children under 2 years of age consult with a physician before using the product. Children 2 years of age and above administer 1 - 2 strips every 1 - 2 hours or as needed. Do not exceed 20 strips in a 24-hour period. Always use Solves Strips® Pediatric Electrolyte Strips with proper and regular intake of fluids. Consult a physician if there is a fever, or if vomiting and/or diarrhea worsens or continues beyond 24 hours.
