PEGASUS MEDICAL

Acart Equipment Ltd in association with Pegasus Medical,
the partner of leading healthcare organizations and hospitals
in 5 continents.

Our clients recommend our products and solutions since
we greatly **simplify healthcare materials** management
with flexible and scalable solutions.

We provide **significant cost savings**, and stand behind
our methodology with **unmatched expertise and support**.

With over 20 years of experience with medication and hospital
supply management, Pegasus Medical has developed our
Apollo carts to provide an ideal solution for hospitals using
ISO 60-40 trays and baskets.

STORAGE CARTS

Pegasus Medical provides a unique, diversified storage cart product line. A combination of different enclosures, depths, heights and locking systems enables us to provide the optimum solution for any ward in your hospital or day care clinic.

Four solutions are available:

OVERVIEW

Fully ISO (60X40cm) compatible

All surfaces are made of polymers and therefore resistant to moisture

ABS top cover, PP bottom floor, PVC exterior walls

The entire inside compartment of the cart is easy to clean

Self-drainage floor for quick and easy cleaning

5" (125mm) medical grade casters, non-marking rubber casters.

2x swiveling + 2x swiveling with brakes

Full 360° wrap-around bumper

Improved dense tray capacity due to the use of high capacity interior side tilted panels. Standard 183cm (72") cart accommodates up to 18 units of 5cm (2") deep trays / 11 pcs of 10cm (4") deep trays / 7 pcs of 20cm (8") deep trays

Extended caster pattern for increased stability

ABS side panels can be equipped with small wheels for smoother and easier movement of heavily loaded trays

Designated perforated rails accommodate the use of telescopic slides for support of heavy items. These can be used in combination with the side panels or separately
