### Weight Capacities

- Up to 48": 800 lbs. per shelf.
- Over 48": 600 lbs. per shelf.

### Shelves

- Shelves are adjustable on 1" increments and come in a wide selection of sizes to suit every application.
- Chrome Finish: Heavy nickel plating with hard chromium finish excellent for dry storage hospital applications.
- Stainless steel. Type 304. Rugged material for freezer, fridge and cart wash applications.

### Split Sleeve Adapters:

4 included with each shelf

SPLIT ADAPTER	MODEL #
4 Per Bag	PBAG

### Posts

Posts are constructed of one-inch round (16 GA) tubing. All posts are numbered and adjustable on one-inch increments. Posts can be ordered without leveling feet for stem caster applications. Special post lengths will require the next longer post size and a cut charge of \$3.00 ea.

- Simple Assembly: Each shelf comes with 4 corner split sleeve adapters which snap into the grooves of the post. The shelf slips over the top surface securing shelf and adapter to post.
