

# C114MD PORTABLE PUMP ASSEMBLY

## THE INDUSTRY WORKHORSE

The CPE C114 Portable Pump is perfect for systems up to 30 barrels (depending on the application). These are the most durable pumps on the market - and every brewer will tell you that a reliable pump is a must-have for production to run smoothly. The whole process relies on a pump that will transfer product from tank to tank without hassle.

- 1 1/2" X 1 1/2" Tri-clamp connections
