# Bio Revitalizing Cream

CREAM

Main Ingredients	Name	Effect
	Adenosine	<ul style="list-style-type: none"> <li>▪ KFDA functional wrinkle improving ingredient</li> <li>▪ Promotes collagen synthesis in the dermis to relieve wrinkles and restore firmness</li> <li>▪ Nucleosides involved in signal transduction outside the cell are components directly involved in cell growth and homeostasis</li> <li>▪ Important substances that control various metabolism</li> <li>▪ Effects of cell differentiation, anti-inflammation, wound healing, etc.</li> <li>▪ Excellent stability and safety and excellent endurance</li> <li>▪ Helps maintain the health and youth of the skin with self-vitality of the cells themselves</li> </ul>
	Lotus stem cell culture extract	<ul style="list-style-type: none"> <li>▪ Contains effective physiologically active substances that can improve tired and lost vitality skin</li> <li>▪ Effective in protecting skin from active oxygen and preventing oxidative damage</li> <li>▪ Protects skin damaged by external stimuli and gives conditioning to skin</li> <li>▪ Helps to soothe sensitive skin and helps to promote vital and energetic skin</li> </ul>
<p><b>7 Peptide complexes</b></p> 	7 Peptide complexes	<ul style="list-style-type: none"> <li>▪ The main ingredient that constitutes proteins with natural amino acids</li> <li>▪ It has excellent antioxidant effect and maintains nutrients. Smooths skin and revitalizes skin.</li> <li>▪ Helps manage healthy skin by participating in collagen activity in the skin</li> <li>▪ Acts on the skin's membranes to increase antioxidant, film stabilization and moisturizing and elasticity of the skin.</li> </ul>
	EGF sh-Oligopeptide-2	<ul style="list-style-type: none"> <li>▪ Somatomedin is <b>a growth factor called C</b>, also known as sulfation factor. It performs various cell physiological functions, and it associates with EGF and other growth factors to help growth and division of skin cells. It helps the production of ECM materials such as collagen, fibronectin, elastin and keratin in the dermis and prevents aging and wrinkles</li> </ul>
	IGF sh-Oligopeptide-1	<ul style="list-style-type: none"> <li>▪ Consists of up to 53 amino acids. It strengthens the skin barrier and is involved in imparting elasticity to the wrinkles caused by aging of the skin, promoting circulation of the skin cycle and helping change into a new skin layer.</li> </ul>

# Bio Revitalizing Cream

CREAM

Main Ingredients	Name	Effect
 <p>7 Peptide complexes</p>	Palmitoyl Oligopeptide	Also known as <b>a Regenerating Peptide</b> . It smoothes the skin and supplies the oil. Palmito pentapeptides, called collagen peptides or matricils, supply oil which smoothes the skin by restoring lipids between cells, which gradually reduces wrinkles, helps regenerate cells
	Tripeptide-29	<b>Collagen Peptide</b> . Tripeptide-29, a major ingredient in peptides with excellent penetration into the skin, increases the elasticity of the skin with the strong biosynthesis effect of collagen along with the effect of increasing the constituents of the skin.
	Copper Tripeptide-1	<b>Peptides that enhance skin barrier</b> . Enhances elasticity on wrinkled skin and promotes circulation of the skin cycle, improving skin condition and helping to switch to a new skin layer.
	Acetyl Hexapeptide-8	<b>Known as Botox Peptide</b> . Concerns about the side effects of existing Botox ingredients have been raised as a substitute for wrinkle-reducing cosmetics. Its small molecule size makes it absorbed quickly and has high stability. Temporarily involved in controlling the intensity of facial muscle contraction helps to alleviate signs of early aging.
	Palmitoyl Pentapeptide-4	<b>Moisturizing Peptide</b> . Increases skin activity, alleviates wrinkled skin furrow due to aging, and helps prevent skin wrinkles, helping skin with elasticity.

# Bio Eye Defense

	IGF sh-Oligopeptide-1	<ul style="list-style-type: none"> <li>▪ Consists of up to 53 amino acids. It strengthens the skin barrier and is involved in imparting elasticity to the wrinkles caused by aging of the skin, promoting circulation of the skin cycle and helping change into a new skin layer.</li> </ul>

# Bio Eye Defense

CREAM

Main Ingredients	Name	Effect
 <p>7 Peptide complexes</p>	Palmitoyl Oligopeptide	Also known as <b>a Regenerating Peptide</b> . It smoothes the skin and supplies the oil. Palmito pentapeptides, called collagen peptides or matricils, supply oil which smoothes the skin by restoring lipids between cells, which gradually reduces wrinkles, helps regenerate cells
	Tripeptide-29	<b>Collagen Peptide</b> . Tripeptide-29, a major ingredient in peptides with excellent penetration into the skin, increases the elasticity of the skin with the strong biosynthesis effect of collagen along with the effect of increasing the constituents of the skin.
	Copper Tripeptide-1	<b>Peptides that enhance skin barrier</b> . Enhances elasticity on wrinkled skin and promotes circulation of the skin cycle, improving skin condition and helping to switch to a new skin layer.
	Acetyl Hexapeptide-8	<b>Known as Botox Peptide</b> . Concerns about the side effects of existing Botox ingredients have been raised as a substitute for wrinkle-reducing cosmetics. Its small molecule size makes it absorbed quickly and has high stability. Temporarily involved in controlling the intensity of facial muscle contraction helps to alleviate signs of early aging.
	Palmitoyl Pentapeptide-4	<b>Moisturizing Peptide</b> . Increases skin activity, alleviates wrinkled skin furrow due to aging, and helps prevent skin wrinkles, helping skin with elasticity.

# SHEET MASK

# Hydro Lifting Mask

SHEET MASK

**Hydro Lifting Mask**  
30g / 30g \* 5ea

Effect	Nutrition , Regenerating + Calming + Hydrating + Converging Pores + Strengthening Elasticity
For those	All Skin Types
Main Ingredient	5 Peptide complexes, Hyaluronic acid, 10 Herbal extracts, Portulaca oleracea extract
Product Features	Moisturizing · Soothing Mask! Using organic cotton cloth <ul style="list-style-type: none"><li>- Supplies moisture and nutrition to the tired and lacking elasticity skin</li><li>- Soothes sensitive skin and helps the skin converge, transforming into smooth and dense skin condensation</li><li>- More effective when used after laser treatment or when exposed to severe irritation</li></ul>

## How to Use

1. Prepare your skin with cleansing or toner.

2. Remove from the packet and apply mask over the face.

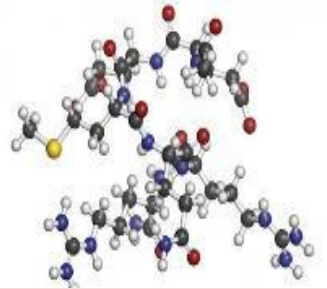

3. Leave it on your face for 15 to 20 minutes, and remove it.

4. Gently tap the remaining contents on the face to absorb it into the skin.

# Hydro Lifting Mask

SHEET MASK

Main Ingredients	Name	Effect
<b>5 Peptide complexes</b> 	<b>Palmitoyl Oligopeptide</b>	Also known as <b>a Regenerating Peptide</b> . It smoothes the skin and supplies the oil. Palmito pentapeptides, called collagen peptides or matricils, supply oil which smoothes the skin by restoring lipids between cells, which gradually reduces wrinkles, helps regenerate cells
	<b>Tripeptide-29</b>	<b>Collagen Peptide</b> . Tripeptide-29, a major ingredient in peptides with excellent penetration into the skin, increases the elasticity of the skin with the strong biosynthesis effect of collagen along with the effect of increasing the constituents of the skin.
	<b>Copper Tripeptide-1</b>	<b>Peptides that enhance skin barrier</b> . Enhances elasticity on wrinkled skin and promotes circulation of the skin cycle, improving skin condition and helping to switch to a new skin layer.
	<b>Acetyl Hexapeptide-8</b>	<b>Known as Botox Peptide</b> . Concerns about the side effects of existing Botox ingredients have been raised as a substitute for wrinkle-reducing cosmetics. Its small molecule size makes it absorbed quickly and has high stability. Temporarily involved in controlling the intensity of facial muscle contraction helps to alleviate signs of early aging.
	<b>Palmitoyl Pentapeptide-4</b>	<b>Moisturizing Peptide</b> . Increases skin activity, alleviates wrinkled skin furrow due to aging, and helps prevent skin wrinkles, helping skin with elasticity.

# Hydro Lifting Mask

SHEET MASK

Main Ingredients	Name	Effect
	Hyaluronic acid	<ul style="list-style-type: none"><li>▪ Excellent skin moisturizing effect</li><li>▪ Prevents skin dryness and prevents wrinkles</li><li>▪ Excellent for skin cell regeneration by activating skin cells</li></ul>

# MAP Vitamin C Powder

SPECIAL CARE

**MAP Vitamin C Powder**  
1.2g \* 25ea

Effect	Melanin creation inhibiting + Whitening care + Skin protection
For those	All Skin Types
Main Ingredient	Magnesium Ascorbyl Phosphate (MAP)
Product Features	100% non-irritating vitamin C powder! Used with iontophoresis devices. <ul style="list-style-type: none"><li>- Whitening vitamin C powder to help with pigmentation and scalp care</li><li>- Intensive Vitamin C treatment that gives vitality to your skin</li><li>- Protect your skin from skin damage</li></ul>
How to Use	<ul style="list-style-type: none"><li>▶ Mixed 1.2g of vitamin C powder with 10ml of DI water and completely dissolved</li><li>▶ Apply on entire face or spot you wish to treat.</li></ul>

# MAP Vitamin C Powder

SPECIAL CARE

Main Ingredients	Name	Effect
	Magnesium Ascorbyl Phosphate (MAP)	<ul style="list-style-type: none"><li>▪ Inhibits melanin production and reduces melanin oxide to improve dull skin tone into white and clear skin tone.</li><li>▪ Helps prevent oxidative damage of skin</li><li>▪ Helps improve the elasticity of the skin by participating in enhancing the production of collagen protein</li></ul>

# AC Gel

SPECIAL CARE

**AC Gel  
15ml**

Effect	Sebum Control + Acne Treat + Trouble Relief
For those	Oily , Acne-prone , Trouble Skin Types
Main Ingredient	Tea tree leaf oil , Picosaccharide AI , Defensil , Solanum pine leaf oil
Product Features	Spot Gel for intensive care of angry trouble areas with easy-to-carry size <ul style="list-style-type: none"><li>- An effective way to get rid of breakouts and blemishes while healing and treating your acne.</li><li>- Powerful soothing action for sensitivity and trouble-care</li><li>- Excessive sebum control</li></ul>
How to Use	► Apply on the trouble spot several times per day

Main Ingredients	Name	Effect
	Tea tree leaf oil	<ul style="list-style-type: none"> <li>▪ Oil obtained by distilling Tea-tree leaves</li> <li>▪ Effective to make your skin pure and clear</li> <li>▪ Superior soothing effect</li> <li>▪ Controls excessive secretion sebum and helps prevent trouble</li> <li>▪ Anti-inflammatory, antibacterial and excellent sterilization effect</li> </ul>
	Picosaccharide AI	<ul style="list-style-type: none"> <li>▪ Ingredients extracted from the alginic component of kelp</li> <li>▪ Exceptional soothing effect treats reddened and sensitized skin due to external stimuli.</li> <li>▪ Promotes activity of EGF and epidermal stem cells to promote the improvement of unstable skin barrier</li> </ul>
	Defensil	<ul style="list-style-type: none"> <li>▪ Complex components of Balloon vine flower / leaf / vine extract, blue weed seed oil and sunflower seed oil unsaponifiable ingredients for sensitive skin.</li> <li>▪ Maintain the homeostasis of the skin</li> <li>▪ Helps to improve care and health for sensitive skin</li> </ul>
	Solanum pine leaf oil	<ul style="list-style-type: none"> <li>▪ Volatile oil obtained from the outpost of Pinus koraiensis</li> <li>▪ Scented like cool pine and used for aromatherapy .</li> <li>▪ Effective against excess sebum and excessive sweat</li> <li>▪ Helps prevent skin troubles and improves skin condition, helping to make skin clean and healthy</li> </ul>

# B Cream

SPECIAL CARE

**B Cream**  
**15ml / 60g**

Effect	Bruise Relief + Skin protection + Moisturizing effect
For those	All skin Types
Main Ingredient	Menthol nicotinate, Allantoin, Sodium hyaluronate, Centella asiatica extract
Product Features	<p>Bruise relief cream after especially a light treatment procedure!</p> <ul style="list-style-type: none"><li>- Cream for skin that is weakened by external stimulants</li><li>- Apply it to relieve swelling to stressed areas after Botox, Filler, and Implant</li><li>- Relieves bruise by increasing Blood flow velocity to 400% up (60g - Professional product)</li></ul>
How to Use	<ul style="list-style-type: none"><li>▶ Apply more than 5 times a day.</li><li>▶ Avoid direct wound area and around the eyes.</li></ul> <p>You can use it from the day after the skin treatment.</p>

# B Cream

Main Ingredients	Name	Effect
	Allantoin	<ul style="list-style-type: none"><li>▪ Natural ingredients extracted from plants such as oak, comfrey root, sugar beet, and wheat</li><li>▪ Due to no-skin-irritation, suitable for sensitive skin and baby skin</li><li>▪ Helps strengthen skin barrier and improve moisturizing function</li><li>▪ Effective to make rough skin smooth</li></ul>
	Sodium hyaluronate	<ul style="list-style-type: none"><li>▪ It is a kind of mucopolysaccharide and has a water content of 6,000 times.</li><li>▪ Superior natural moisturizing factor with ability to attract moisture in the air</li><li>▪ Helps prevent skin from becoming rough by preventing loss of moisture</li><li>▪ Very good moisturizing effect and effective for improving elasticity</li></ul>
	Centella asiatica extract	<ul style="list-style-type: none"><li>▪ Creation of collagen gives skin elasticity and health.</li><li>▪ Excellent ability to quickly heal small wounds</li><li>▪ Suppression of bacillus bacteria causing skin tumors</li><li>▪ Excellent anti-inflammatory effect such as itching, eczema</li></ul>
	Menthol nicotinate	<ul style="list-style-type: none"><li>▪ Grants a vitality and a refreshed feeling into the skin after use</li><li>▪ Used as a coating agent and analgesic for myalgia and plays a role of anti-inflammatory</li><li>▪ Helps to relieve itching by shrinking the blood vessels of the skin mucosa</li></ul>

# L Cream

SPECIAL CARE

**L Cream**  
**15ml / 60g**

Effect	Calming rapidly + Prevents secondary transfer of melanin pigment during regeneration
For those	All Skin Types
Main Ingredient	EGF, picosaccharide AI, Snail secretion filtrate, Onion extract
Product Features	Protection for irritated skin! <ul style="list-style-type: none"><li>- Calms the skin after Laser, MTS, tattoo, and water-shining injection.</li><li>- Helps to keep skin tone pure and clear after temporary irritation.</li><li>- Can be applied safely due to natural extract and non-irritating ingredients.</li></ul>
How to Use	▶ Apply from the day of the skin treatment and apply more than twice a day. As well as good to normally use.

Main Ingredients	Name	Effect
	EGF	<ul style="list-style-type: none"> <li>▪ A kind of protein formed from 53 amino acids in the body</li> <li>▪ Helps restore skin &amp; improve skin elasticity</li> <li>▪ Strengthens skin barrier and promotes elasticity and vitality.</li> </ul>
	Picosaccharide AI	<ul style="list-style-type: none"> <li>▪ Ingredients extracted from the alginic component of kelp</li> <li>▪ Exceptional soothing effect treats reddened and sensitized skin due to external stimuli.</li> <li>▪ Promotes activity of EGF and epidermal stem cells to promote the improvement of unstable skin barrier</li> </ul>
	Snail secretion filtrate	<ul style="list-style-type: none"> <li>▪ Mucin, principal component of conidioid, secreted when a snail is injured in the skin is a mucous substance that is formed by a combination of a mannan and an immune protein called immunoglobulin.</li> <li>▪ Retention of moisture and immunity enhancement.</li> <li>▪ A buffering and lubrication material effective for skin elasticity.</li> </ul>
	Onion extract	<ul style="list-style-type: none"> <li>▪ Rich in nutrients such as protein, glucose, potassium, calcium and fructose</li> <li>▪ It contains ingredients such as pectin, flavonoid and selenium to prevent skin's oxidative stress from active oxygen which causes skin aging.</li> <li>▪ Extract of outer coat of onion inhibits the activity of microorganisms, so it has a preservative effect to replace conventional chemical preservatives.</li> </ul>

# S Gel

SPECIAL CARE

**S Gel**  
**15ml**

Effect	Strong skin soothing + Skin protection + Anti-inflammatory effect + Absorption of dirt after deep wound
For those	All Skin Types
Main Ingredient	EGF, Snail secretion filtrate, Onion extract, Infracin-X
Product Features	Concentrated calming care after the treatment of spot removal, the acne treatment, and the water-shining injection. <ul style="list-style-type: none"><li>- An after-treatment gel that helps calming and recovery of the skin rapidly.</li><li>- Care for sensitive areas after laser treatment.</li><li>- Spot gel type to be applied easily without cutting and pasting.</li></ul>
How to Use	<ul style="list-style-type: none"><li>▶ Apply thickly only on the spot area after treatment of spot removal or acne treatment (do not rub thinly). remove the hardened gel after 3-4 hours, apply again thickly on wound area.</li><li>▶ In the case of many stimulus as a whole such as water-shining injection or MTS, unpack one, apply it all, and remove it the next morning. Wash the face just with water only.</li></ul>

Main Ingredients	Name	Effect
	EGF	<ul style="list-style-type: none"> <li>▪ A kind of protein formed from 53 amino acids in the body</li> <li>▪ Helps restore skin &amp; improve skin elasticity</li> <li>▪ Strengthens skin barrier and promotes elasticity and vitality.</li> </ul>
	Snail secretion filtrate	<ul style="list-style-type: none"> <li>▪ Mucin, principal component of conidioid, secreted when a snail is injured in the skin is a mucous substance that is formed by a combination of a mannan and an immune protein called immunoglobulin.</li> <li>▪ Retention of moisture and immunity enhancement.</li> <li>▪ A buffering and lubrication material effective for skin elasticity.</li> </ul>
	Onion extract	<ul style="list-style-type: none"> <li>▪ Rich in nutrients such as protein, glucose, potassium, calcium and fructose</li> <li>▪ It contains ingredients such as pectin, flavonoid and selenium to prevent skin's oxidative stress from active oxygen which causes skin aging.</li> <li>▪ Extract of outer coat of onion inhibits the activity of microorganisms, so it has a preservative effect to replace conventional chemical preservatives.</li> </ul>
	Infracin-X	<ul style="list-style-type: none"> <li>▪ Ingredient of inflammation relief, pain relief, soothing, anti-allergy, erythema suppression, reinforcement moisturizing .</li> <li>▪ A combination of medicinal herbs made from dried Indian Boswellia tree sap and Centella Asiatica extracts. It has anti-inflammatory effect and analgesic effects on edema, erythema, and bitterness.</li> <li>▪ Helps collagen synthesis and enhances moisturization</li> <li>▪ Effective for preventing fine wrinkles and restoring wounds</li> <li>▪ Anti-allergic ingredients rarely cause side effects</li> </ul>

# X Cream

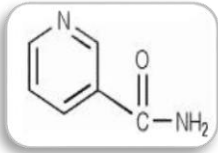

SPECIAL CARE

**X Cream**  
**15ml**

Effect	Whitening effect + Inhibition of melanin production
For those	All Skin Types
Main Ingredient	Melatain-X, Niacinamide, Clerilys, Infracin-X
Product Features	<p>Intensive Whitening Spot Care Cream!</p> <ul style="list-style-type: none"><li>- strong active ingredients in whitening inhibit melanin pigment production</li><li>- Concentrated whitening spot care cream to make skin tone transparent</li><li>- effective to prevent dull skin tone, stain, dullness</li></ul>

How to Use    ► Apply 2-3 times a day evenly to areas where skin tone improvement is needed.

Main Ingredients	Name	Effect
	Melatain-X	<ul style="list-style-type: none"> <li>▪ New skin whitening agent inhibiting melanin production of pigment cells</li> <li>▪ A much clearer whitening effect compared to arbutin was demonstrated</li> <li>▪ It has superior skin penetration and stability due to similarity in structure to constituent of cell membrane.</li> </ul>
	Niacinamide	<ul style="list-style-type: none"> <li>▪ Functional whitening ingredient, Vitamin B3.</li> <li>▪ Improves skin tone and whitening effect by inhibiting melanin synthesis</li> <li>▪ Excellent anti-inflammatory effect, effective for acne care</li> <li>▪ Exfoliates skin for a clean, smooth skin</li> </ul>
	Clerilys	<ul style="list-style-type: none"> <li>▪ The phenylalanine component present in cucumber helps to inhibit tyrosinase, an important enzyme in melanin synthesis</li> <li>▪ Prevents melanosome from being converted to melanin</li> <li>▪ Helps improve skin tone by promoting keratinocyte regeneration cycle</li> <li>▪ A safe alternative material to hydroquinone</li> </ul>
	Infracin-X	<ul style="list-style-type: none"> <li>▪ Ingredient of inflammation relief, pain relief, soothing, anti-allergy, erythema suppression, reinforcement moisturizing .</li> <li>▪ A combination of medicinal herbs made from dried Indian Boswellia tree sap and Centella Asiatica extracts. It has anti-inflammatory effect and analgesic effects on edema, erythema, and bitterness.</li> <li>▪ Helps collagen synthesis and enhances moisturization</li> <li>▪ Effective for preventing fine wrinkles and restoring wounds</li> <li>▪ Anti-allergic ingredients rarely cause side effects</li> </ul>
