

BIOTOC

FEATURES AND BENEFITS*

6000x

Stronger than Vitamin C

In helping to promote collagen production, topical vitamin C can help prevent premature aging of the skin. With continued topical use, vitamin C can help prevent future dark spots from forming.

Stronger than Coenzyme Q10 (CoQ10)

Applying CoQ10 directly to the skin can reduce the damage from internal and external agents by increasing energy production in skin cells and promoting antioxidant protection.

800x

75x

Stronger than Alpha Lipoic Acid (ALA)

Alpha-lipoic acid or ALA is a compound naturally produced by the body. It serves vital functions at the cellular level, such as energy production.

Stronger than Vitamin E at eliminating free radicals

Vitamin E may be beneficial at reducing UV damage to skin. Vitamin E levels decrease with exposure to UV light, sun exposure and age.

550x

40x

Stronger than Beta-Carotene

Creates a healthy glow, reduces sun sensitivity, provides treatment of skin conditions.
