

FA 10 212 00 – Di-electric 5 Point Luxury Full Body Harness

Frequent use

Dielectric

- **4 Point Dielectric Full Body Harness**
This harness has been specially designed for workers operating in conditions where there are possible electrical hazards.
- **Attachments:** 2 chest attachment textile loops, 1 dorsal attachment D-ring for fall arrest. Work positioning belt with 2 D-rings.
- **Convenience:** Adjustable shoulder & thigh straps. Chest & thigh straps fitted with combination buckles. Use of special polymers coated D-rings and all metal adjustment buckles make it completely electrically insulated. Covered identification labels.
- **Ergonomics:** Shoulder straps are elasticated to provide flexibility and snug fitting to the user.
- **Usage:** Suitable for frequent use.
- **Max User Weight:** 140kg.
- **Conformity:** EN361, EN358.
- **Material:** Webbing: Polyester / Fittings: Electric Resistant Alloy Steel.
