

Forklift Snow Socks - AF

The perfect solution to keep your forklifts moving during the winter. The forklift snow sock can be quickly and easily fitted over the driving wheels of the forklift, thus giving the forklift enough grip to start moving again.

Cheaper and easier to fit than snow chains, these heavy duty ribbed textile wheel covers with an elastic edge are the ideal winter accessory for your forklift

Model Ref	Tyre Size (inches)
AF12	18 x 7-8
AF16	6 x 9
AF16	6.5 x 10
