

## Series 4-Point Safety Harness

38047 M-L, front & rear D-rings, waistpad, quick-connect buckles, and shoulder pads

Designed for comfort, the Guardian Series, 4-point safety harness range is the perfect fall and restraint harness solution. With rear and front attachment points, and a waistbelt with side D-rings, the harnesses are ideal for utility workers, arborists and general industry. Series harnesses are fully adjustable and available in 3 sizes to ensure a comfortable fit. Certified for use up to 140kg, the harnesses can be safely worn with tools and equipment. The harnesses feature water repellent contrasting webbing, dual impact indicators, velcro label cover and adjustable shoulder and leg straps. Available options include shoulder pads and quick-connect or pass-through buckles.
