Fact sheet

Adapt 30

One of a kind design built for business

The Discover Adapt 30 is a one of a kind wireless headset built for business professionals. This is the only wireless DECT headset that allows you to switch between a single and dual speaker wearing option (both included). You can expect to have a high quality wireless headset that's comfortable, sounds great and works with 98% of desk phones. Should your needs change, you can add an inexpensive accessory to connect with your computer or mobile devices.

Features & Benefits

Wireless Range

Long range freedom up to 350 feet

Battery talk time

Up to 8 hours of talk time on a single charge

Wearing style

Includes both a single and dual speaker wearing option for a tailored fit

Connectivity

Connects with 98% of corded desk phones out of the box (Add DA200 or DA201 for USB or Bluetooth connection)

Noise canceling mic

Reduces unwanted background noise so callers hear you, not the distractions around you

DECT 6.0

Your conversations will stay secure without anyone eavesdropping

Charge time

Within 1 hour you'll have a full charge

3 year protection

Within 3 years for any reason your Adapt 30 stops working, you're covered

Acoustic shock protection

Helps protect users against acoustic injury caused by sudden sound burst on the line

Compatible with most desk phone brands
