

SeaDek®

MARINE PRODUCTS

ONE PRODUCT, ENDLESS POSSIBILITIES

SeaDek Non-Skid products offer a safe and comfortable alternative to carpet, moulded-in non-skid textures, and other marine traction products. Made of Closed Cell PE/EVA blend, SeaDek is perfectly designed for the marine environment as this structure means that SeaDek will not absorb water. SeaDek is fully customisable, with endless possibilities for patterns, logos and designs.

Contact someone from our Extensive Installer Network today.

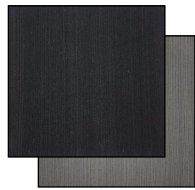

BENEFITS OF SEADEK

- ◆ Proven performance in Australian conditions for more than a decade
- ◆ Exceptional traction when wet or dry
- ◆ Unparalleled comfort underfoot and cool underfoot
- ◆ Shock absorbent
- ◆ Protections against scratches, chips & dents on your boat
- ◆ Highly stain resistant
- ◆ Easily cut by hand with sharp blade
- ◆ Self adhesive backing for easy installation
- ◆ Increases the value of your boat
