## Product Bulletin

# NEW ITEM

# MODEL 7136R

6 Volt / 8 Volt / 12 Volt  
**HEAVY DUTY  
VARIABLE  
CARBON PILE  
LOAD TESTER**

### Specifications:

<b>Model Number</b>	<b>7136R</b>
Digital Ammeter	0 - 1999A
Digital Voltmeter	0 - 19.99VDC
DC Leads	60" 2AWG
DC Clamps	800 AMP
Weight	32 LBS
Warranty	1 Year / 90 days Carbon Pile Assembly
Dimensions	14.75"x15"x15"

### Features:

- Tests 6 Volt / 8 Volt / 12 Volt Heavy Duty Equipment and Automotive Batteries
- Ideal for checking 6 Volt Deep Cycle batteries (0-254Ah)
- Manual adjustment knob for up to 1000 Amp load
- Quickly tests batteries up to 2000 CCA
- Built in LCD Digital Voltmeter displays voltage of battery up to 19.99 VDC
- Built in LCD Amperage Meter displays current in amperes drawn from battery
- Fan cooled to enable continuous battery testing
- High-volume testing and fleet capable use
- High resolution carbon pile assembly for smoother operation and longer life
- Optional 6038C roll-around 2 wheel cart
- RoHS and CE Compliant
