

WHITE POLYSTYRENE OR WHITE 1/2" EGG CRATE

FULL 1/2" EGGCRATE

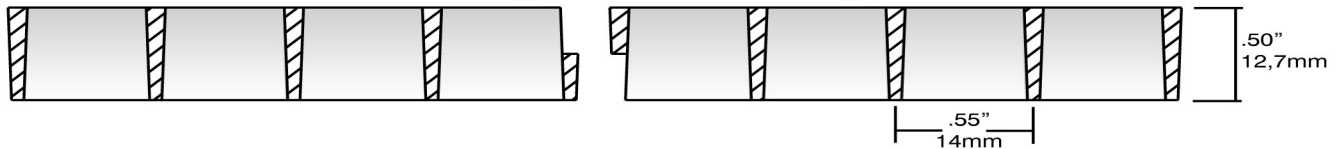

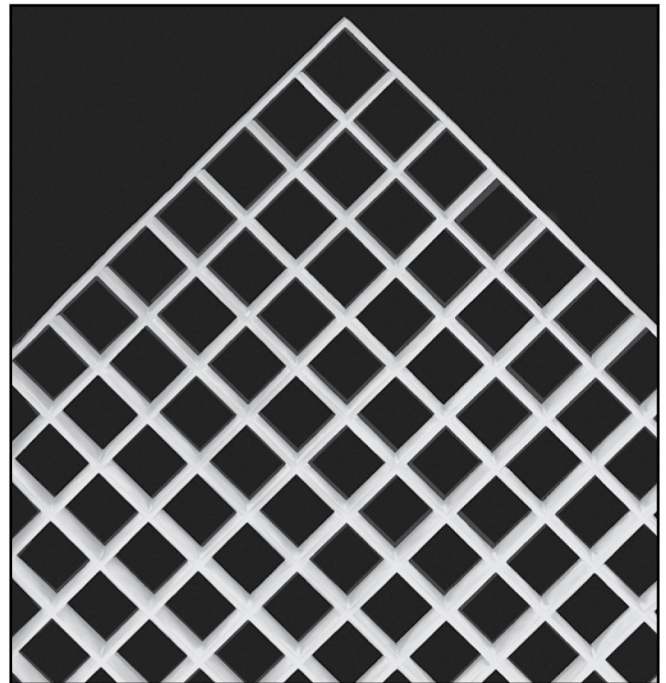

1/2" X 1/2" X 1/2" 14 x 14 x 12,7mm

Thincell 1/2" (13mm) cube plastic louvers are accepted as the worldwide standard. Thincell provides efficiency, economy and moderately controlled luminances. These panels feature half lap perimeter detailing to facilitate an unbroken appearance when parts are butt joined in continuous row application.

NOTE:

POLYSTYRENE EGG CRATE IS BEST USED FOR VENTING AND RETURN AIR GRILLS.

ACRYLIC EGG CRATE IS IDEAL FOR LIGHTING FIXTURES AS THE ACRYLIC WILL NOT YELLOW OVER TIME WHEN EXPOSED TO LIGHTING.
