Sight-GuardTM Grille

*Hides Unsightly Objects
in Walls and Ceilings
From View*

**Eggcrate is angled
at 45° preventing
see through, from
3 directions**

- Blocks view of objects in walls and ceilings
 - No secondary accessories needed, saving you money and time
- 92% free area - same as traditional eggcrate grilles
- Eggcrate is securely locked into unique "frame channel"
 - No rattling, squeaking, or vibrations
- All aluminum construction, strong frame and core
- Smooth and even finish around frame
 - Electrostatically powder coated for hard finish
 - Industry standard "British White"
- Sealed corner seams
 - No unsightly gaps or rough edges to collect dirt
- Micro-welded neck corners
- Use in walls, drop ceilings, and other special applications

Install in ceiling with 45° angled blades pointing to nearest wall. When installing in walls, point blades toward the ceiling.

Superior Packaging

Unique corner guards protect against damage - reducing returns and scrap - increasing profits!

Grilles are individually shrink wrapped

Heavy duty shrink wrap keeps the finish scratch-free and dust-free!

Grilles are shipped in "master carton" of 10 to 40 grilles - this means fewer cartons and reduced handling costs for you!
