

ColorSelect X

The new WAGNER ColorSelect X is designed for the quickest powder color change while providing the least potential for cross contamination and powder loss.

WAGNER ColorSelect X incorporates a simple, robust pneumatic control system of up to 10 powder feed systems including hopper fluidizing air, powder injector feed air, and dosage air. The operator control panel includes the WAGNER ColorSelect X dial and quick connect ports for 10 colors.

ColorSelect X

- Color Changes in Less than a Minute!
- Easy to Operate and Maintain
- EPG-Sprint Recipe Control
- Lowest Cost of Ownership

Dimensions:

Width	18"
Height	48"
Depth	22"
Weight	approx. 150 lbs

Electrical:

Voltage	100-240 V AC
Input Power	100 W
Protection Class	IP 64
Ex-zone	Ex II 3DT85° C

Pneumatic:

Supply Air Pressure	0.6-0.8 MPa; 6-8 bar; 97-116 psi
Air Consumption	1-2 m/h ³ ; 35 -70 cf
Required Compressed Air Quality	acc. to ISO 8573-1 Class 2 Quality class 5 2 3 3

5 Simple Steps to Operate

1. Remove the quick-connect powder hose from the last color used.
2. Connect the powder hose to the purge port, rotate dial to Purge.
3. Automatic purge cycle of powder pathway including gun and powder hose. Operator blows-off gun exterior.
4. Remove the quick-connect powder hose from the purge port and connect to the next color.
5. Rotate dial to the next color and begin coating!

WAGNER PEM-X1 Manual Gun

The new WAGNER manual gun PEM-X1 sets the standard and trend for all kinds of surfaces used today in powder coating. This new gun generation improves perfection and precision even further. The product philosophy combines a balanced finesse on all levels with long life expectancy and optimal handling.

Well-balanced ergonomics are based on experience! WAGNER has incorporated this experience in the design of this new generation gun. WAGNER combines first-class design and functionality for perfect finishing solutions.

The new control-unit EPG-Sprint X

Precise and extremely reliable for optimal coating results – that is the spirit of the new WAGNER control unit EPG-Sprint X. All parameters are logically and can be easily adjusted. Hence guaranteed reproducible results for efficient and high-quality manual coating can be obtained.

Plug & Play

All cable and hose connections are prepared to make the set-up easy.
