

Burnt Bronze Finish Handles Care Instructions

The Burnt Bronze finish is a delicate living finish, meaning it is important to take care when cleaning and caring for the handles.

Simply use a slightly damp microfiber cloth to wipe down stains and spills.

Avoid using any cleaning chemicals to clean the handles, and ensure that your hands are clean and free from acidic substances such as vinegar, lemon/lime juice, or hand cream when using the handles.

Please note that Burnt Bronze is an organic and varied finish, hence the light and dark variances across the surface of the handle are natural. Hand oils will naturally contribute to this organic and varied look.

If you have any questions, please feel free to get in touch with our customer service team.

Enjoy your stunning new handles!
