Welcome to **ModShop!**

If you've never heard of us , here's our story ...

We've spent 16 years running a successful custom furniture company, we are family owned and operated. A husband and wife team, with a background in the fashion industry, with a passion for design and furniture, and dreams to leave behind them a legacy for their 4 children that they can be proud of...

The ModShop team is dedicated to the design craft and customization that goes into each individual piece we create. From the owners who design our collections, to the craftsmen who diligently build them by hand, to the in-store designers who assist our clients - we all thrive on creating beautiful and unique furniture. Aside from our collections, you can custom create your own dream piece... you can be your own furniture designer!

For us it's not just about selling furniture and eclectic accessories, but about selling a comfortable, relaxed lifestyle, and always on trend, and customizable to fit any aesthetic and affordable to most ... That's our niche.

We have our own Los Angeles based factory, housing our design department, custom upholstery (all upholstery is made in the good old USA), custom carpentry (solid wood and specialty finishes), metal fabrication and finishing ALL under one roof. ModShop also now has our own offshore factory, specializing in lacquered finishes. These 2 facilities have allowed us to keep our prices affordable to everyone. And opened doors to hospitality and large scale products at "competitive" pricing.

ModShop also offers its clients in-house design consultants to help bring all your interior design dreams to life, so let's create something great together!

We have showrooms in Los Angeles, Orange County, Dallas, New York and Miami where clients and designers can see finishes and quality first hand... Our new and improved, re-vamped website has opened doors for clients worldwide. We ship throughout the USA and have designers and clients that have ordered by the container and shipped to the Caribbean, Panama, Mexico, India and the middle East. We have plans to expand in the next year to include Australia, Hong Kong and Japan.

With developed international sourcing, we are now able to competitively price products for commercial projects, with exciting hotel projects currently in the works! (check out thepalmspringshotel.com to see a project that was done from design consultation, to all custom built ins, art and furnishings including outdoor). The owners are personally available to consult on larger projects.

Owners, **John and Taryn Bernard** design all our custom collections themselves (furniture, throw pillows and custom modern art), drawing inspiration from items found during their travels worldwide, in vintage stores, mid-century modern design & architecture, and the glitz and glam of the old Hollywood Regency era.

ModShop furniture designs can be customized to fit a variety of decor styles, from organic and industrial modern pieces, urban loft styles, California casual, to transitional Hollywood Regency glamour and 60's Mod. With a history in the fast paced apparel industry, they use this experience to keep the product in their stores moving forward with the trends just as you would expect to see in the fashion industry. Regularly adding trendy, fun furniture and accessories to the collections. **Fashion forward furniture for the home.** For all these reasons, ModShop offers an eclectic mix catering to most every taste, whilst adding a fresh modern ModShop twist.

ModShop conveys the essence of modern living.

ModShop offers clean, modern furnishings and accessories for stylish trendsetting individuals. ModShop is a full-service furniture manufacturer with a mid-century modern, Hollywood Regency glam slant..
