For us, it's not just about selling furniture and eclectic accessories, but about selling a comfortable, relaxed lifestyle.....

We have our own Los Angeles based factory, housing our design department, custom upholstery, custom carpentry, metal fabrication and finishing all under one roof. ModShop also now has our own offshore factory, specializing in lacquered finishes. These 2 facilities have allowed us to keep our leadtimes at a minimum and keep our prices affordable to everyone. ModShop also offers its clients in-house design consultants to help bring all your interior design dreams to life, so let's create something great together !

We have showrooms in Los Angeles, Orange County, Palm Springs, New York and Miami where clients and designers can see finishes and quality first hand...with new locations opening in Santa Monica , Dallas and the San Francisco Design District this year , more will be able to have the ModShop experience in person. Our new and improved, re-vamped website launches in May. Many exciting new things lie ahead for us...

With developed international sourcing, we are now able to competitively price products for commercial projects, with exciting hotel projects currently in the works! The owners are personally available to consult on larger projects.

Owners, John and Taryn Bernard design all the of pieces themselves (furniture, throw pillows, bedding prints and custom modern art), drawing inspiration from items found in vintage stores, mid-century modern design & architecture, and the glitz and glam of the old Hollywood Regency era. ModShop furniture designs fit a variety of decor styles, from organic and industrial modern pieces, urban loft styles, clean lined European design, to transitional Hollywood Regency glamour and 60's Mod. With a history in the fast paced apparel industry, they use this experience to keep the product in their stores moving forward with the trends just as you would expect to see in the fashion industry. Regularly adding trendy, fun furniture and accessories to the collections. Fashion forward furniture for the home. For all these reasons, ModShop offers an eclectic mix catering to most every taste, whilst adding a fresh modern ModShop twist.

Over the years , ModShop has worked with many of Hollywood's hottest celebrities and designers, making fabulous custom furnishings for many high profile homes, boutique hotels, restaurants and nightclubs across the country. We have the most wonderful, loyal clients and we value their business more than anyone could imagine...

Thank you for the continued support !

Sincerely ,

**The ModShop family.**
