*NOTE: This is a widely attended event, which is defined in Title 19 NYCRR Part 934. ACE NY has invited over 25 individuals who are not members, officers, or employees of a NYS governmental entity (criteria (A) in the definition), and the event will include, as a significant activity, a speaking program addressing energy and environmental-related issues of public interest and concern (criteria (B) in the definition). Further, for the purposes of 934.4(a)(4)(i)(B), the event does not include any entertainment, recreational, or sporting activities, and complimentary food and beverage offerings will be made available to all participants.*
