

IGLOO

FREESTANDING DESIGNER FIREPLACE

Made entirely of glass and stainless steel, the Igloo is a sleek and modern update to the traditional fireplace. Its clear frame allows it to blend in with any decor style while simultaneously enhancing it. Artful in its simplicity, the Igloo can be used in residential applications as well as a wide range of commercial ones such as lobbies, restaurants, bars, and offices. The BK5 burner features an adjustable flame and comes standard with the Igloo.

Global Compliance

This model complies with existing standards in the USA, Europe, UK and Australia. UL Listed, EN 16647 BSI Certified and ACCC Safety Mandate compliant.

**No Flue, No Chimney,
No Electricity Connection**

Our freestanding fireplaces offer an easy and immediate, environmentally friendly solution to adding warmth and ambience to any location.

Portable Fireplace

You'll have the ability to move these contemporary, stylish pieces of portable furniture from room to room. Or, relocate your bioethanol fireplace from inside your residence to the outside during parties or festivities and store away through the warmer months if space is an issue. And take it with you if you move house!

Glass Surround

Made with Toughened Glass.

Stainless Steel

Burner Shelf and Burners come in Stainless Steel.

Quick and Easy

With no installation or building works required, simply unpack, put into position, and off you go.
