It started with a simple idea—what if everyone could make an impact by planting a tree... for a dollar. We made it happen, and now we want you to be a part of our global reforestation initiative.

WHO WE ARE
We are a non-profit 501C3 that is focused on global reforestation and making it simple for anyone to help the environment by planting trees.

WHAT WE DO
We work with amazing partners around the world to get trees in the ground and help restore forest systems through reforestation.

HOW IT WORKS
Every dollar donated plants one tree. We pool our donations and send to our partners in the field. Together we are making an impact.

WHERE WE PLANT
North America  Asia  South America  Africa  Australia

WHY TREES?
Air  Water  Biodiversity  Social  Health  Climate
