RUGBY

SURRIDGE

In 1867 Percy Stuart Surridge created a sports brand, he applied the principles of tradition and craft, with the concept of bringing innovation to improve an athletes performance.

Creating products defined by Craftsmanship, Originality, Honesty & Function.

This season sees a revolution for Surridge playing kit and teamwear, our dedication to function and fabrics have resulted in high performance garments with cutting edge fabric technology.

This combined with our core values has seen Surridge become a valued kit supplier to players at all levels.

QUALITY

MADE IN BRITAIN

Britain has a history in textiles production unrivalled across the world, with the Surridge name worn proudly on sportswear since 1867. We continue to produce high quality kit to discerning British standards, introducing new techniques and technologies to create Rugby kit you'll be proud to wear.

HIGH QUALITY FABRIC

We choose fabrics to cater for the Rugby player who cares about durability, comfort and performance. Our Polyester mix springs back into shape when stretched, yet has strength at the seams, while still being soft to handle and comfortable to wear.

PERFORMANCE BUILT IN

Our fabric incorporates anti-bacterial agents into the fibres, making your kit resist and inhibit the growth of micro-organisms. Our Vapadri moisture management system evaporates perspiration away from the body and allows our fabrics to perform like natural fibres, keeping the player cool & dry.

UNIQUELY YOURS

Our online Kit Designer allows you a choice of fits, collars and colour combinations that is truly staggering, with **over 10 million possible combinations**, and the number continues to grow! So even before you add your Logos & Sponsors, you can be confident in your kit choices being yours alone. Our designers can also work with you to produce something entirely custom made if you've exacting requirements for colour or pattern.

This brochure has been created to show you just some of the Kit Designs and customisations you can choose from.

FIT

Whether you need only your team crest or have multiple sponsors to accommodate, Surridge can cater for you. Our bespoke printed shirts allow complete flexibility in adding your logos in just the right position.

ARTWORK REQUIREMENTS

Logos, Crests & Sponsors should preferably be supplied as editable **VECTOR** files, such as **.eps**, **.ai** (Adobe Illustrator) and **some .pdf** files.

RASTER files such as **.png**, **.jpeg**, **.jpg** and **.tif** are not editable.

Vector files ensure your artwork will look crisp and clear at any size.

If you are unable to supply vector files, a re-draw service is available.

FOR YOU

When only something truly unique will do, when you need the kit design of your dreams, Surridge can turn it into a reality.

Our British dye-sublimation plant uses the latest technology to turn computer-generated designs into textile patterns, which are printed and applied to fabric through the dye-sublimation process. Each piece of fabric is then laser cut and turned into a finished garment by hand.

There's no overseas shipping to worry about, every item is produced locally, with our team involved in every stage of the process.

Measurements above are APPROXIMATE Body Sizes (except for Ladies Size Guideline), as individuals shape varies considerably. On these Body Sizes: SLIM (Pro) items should be a snug fit; REGULAR (Standard) items a traditional fit; RELAXED items should be a loose fit. PLEASE NOTE: Each product is only available in ONE fit, as stated in the products description.

Check item specifications for stated fit before ordering.

* Take care when using 'Ladies Size' for Unisex garments, as the fit will not be suitable for every body shape.

WASHING INSTRUCTIONS

Surridge Sport garments are manufactured from top quality fabrics. All fabrics & logos undergo stringent quality tests to ensure durability and washability. They will last for many years if properly cared for. When washing garments always refer to the instructions on the garment label.

Playing Kits

First wash - Always wash shirts, shorts and socks inside out & separately to remove surface dye.

Avoid leaving kits folded or bundled together for any length of time whilst damp or soiled. Remove excess mud and wash as soon as possible after use to avoid stains from setting.

Garments may discolour due to staining by substances such as mud, grass, petroleum jelly etc, which may not entirely be removed by washing alone. Treat stains directly with a stain remover as soon as possible. Take care not to use stain remover on transfers applied to the garment as this may effect the quality of the print. Some of the toughest stains may require more than one treatment.

- Do not over load the washing machine and always wash light and dark colours separately.
- Do not wash above the temperature stated on the garment label. (many items 30°C)
- Do not use fabric softener.
- If the garment can be tumble dried (see care label) always tumble dry cool.
- Never iron printed motifs

Training Wear / Outer Wear

Dirt on outer wear (padded jacket, rain jacket, training jacket) should be wiped off with a damp cloth. These garments do not require regular washing as this will remove the shower proofing. If necessary wash inside out, no hotter than 30 degrees on a synthetic wash.

- Do not use fabric softener.
- Do not tumble dry.
- Never iron printed motifs.

Surridge Sport does not accept liability for discolouration or damage to garments due to incorrect laundering.
