INSPIRING PAINTS

COLOUR BOOK

# NATURAL VERSATILITY AT OUR CORE

“At Autentico, we manufacture our own lines of award-winning furniture, wall, exterior and masonry paints, combining technology with tradition and creativity with professionalism.

Autentico will always provide a high-quality, honest and versatile product solution to suit your aspirations.

Our paints are very low in VOC and suitable for highly demanding sustainable project solutions. Many of our core products are completely child-safe (EN71-3) and washable (Scrub Class 1). We recycle used materials and packaging as much as we can.

The colours in this colour book offer you a complete overview of our hand-picked colours.

To serve architects and specifiers, we also offer NCS, RAL and RAL Design colours for Velvet, Vivace and Esterno.

However, colour experience depends on local circumstances such as light and shadow intensity. To experience a colour in person, we offer small 50ml tester pots from our Versante Matt range. We also have A4 brush-outs for our textured products, such as Venice lime paint and Volterra lime plaster. You can order tester pots or brush-outs from your local Autentico stockist or online from our website.

We hope you will enjoy this colour book. Whether you embark on your first creative venture or start a large residential or commercial project, we are here to support you.

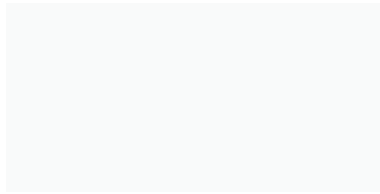

We are only one click away via the chat function on our website or our support email: [support@autentico-paint.com](mailto:support@autentico-paint.com)”

Best wishes,  
*Ris & Eric*

# PREPARATION ?

## NO PREP, NO GLORY

A project can only be finished successfully when you pay attention to the necessary preparation.

Only a minimum prep is needed for some projects, such as furniture painting. Just make sure you are always painting on a clean and stable surface.

Did you know breaking a surface with simple manual sanding triples the surface area for the paint to adhere to?

Other projects require more preparation. Walls may need an undercoat, or existing stains must be insulated. We have all the necessary preparation products available. If you are in doubt, contact us via the chatbox on our website or at [support@autentico-paint.com](mailto:support@autentico-paint.com). We are here to help.

# VINTAGE: FULL SWING CREATIVITY

Truly highlighting “The Charm of Chalk”, Autentico Vintage Furniture Paint is the master class.

It is the perfect model for what it really means to use chalk in your paint. Our first paint and certainly what we are most famous for is highly porous, rich in colour and perfect to use with our range of decorative products. Painting with Vintage is easy and it does not need much preparation. It is gratifying to see how an old piece of furniture can be uplifted and offered a new lease of life.

Colours:	All 200+ Autentico colours
Main features:	Highly porous and ideal for decorative techniques

# VELVET:

## LET YOUR WALLS BREATHE

Autentico Velvet is a superior water-based, ultra-matt and washable paint for walls and ceilings. Velvet achieves excellent adhesion and a long-lasting, breathable finish with a great depth of colour. Velvet is a scrub class-1 washable paint and offers an extremely low steam diffusion factor making it the paint to use in high-insulating new builds and buildings without cavity walls.

When needed, apply a coat of Wallprim for general priming or a coat of Stainblocking Primer when an insulating primer must be applied (in case of uneven suction after repairs or heavily stained surfaces)

Colours: All 200+ Autentico colours, plus ALL RAL and NCS  
Main features: Class I scrub resistant, superb permeability  
Volumes: 2,5L, 5L and 10L

# VENICE: CREATE TIMELESS TEXTURE

Autentico Venice is a true historical lime paint. This high-quality lime paint is designed to give a long-lasting, unique finish with superior coverage and a beautiful depth of colour. With Autentico Venice, we have embraced the unique properties which originally made lime paint so popular. By using Autentico Venice, you can create textures on furniture and walls that are not achievable with any other paint. Autentico Venice also is anti-bacterial and anti-allergic.

Colours:	Selected Autentico colours
Main features:	Textured finish, anti-allergic and anti-bacterial.
Volumes:	A4 brush-out, 250 ml, 1L, 2,5L, 5L and 10L

# VOLTERRA: GET THE LOOK AND FEEL

Autentico Volterra is a heavy-bodied lime paint and combines the ease of application of standard lime paint with the beauty of a plastered finish. With the ready-mixed Volterra, having a Tadelakt designers-wall or a concrete-look wall has come attainable to many. The application of Volterra is easy to adopt and suitable for DIY. Volterra can be applied with a wide brush and then smoothed with a small trowel to achieve the typical tadelakt style finish. Volterra needs a stable subsurface and to achieve that, a coat of Wallprim may be necessary.

Colours:	Selected Autentico colours
Main features:	Unique textured plastered finish, soft look and feel
Volumes:	A4 brush-out, 750ml, 2,5L, 5L and 10L

# VIVACE: TOP PERFORMANCE

Developed for all areas where even the best chalk paint is not suitable, Vivace is our must-have water-based paint for critical areas, such as wooden doors (interior and exterior), skirting, cornices and all areas that require special attention. Vivace is particularly suitable for painting exterior doors and frames, wooden windows and frames because of the extremely fine grade and ideal viscosity. This makes Vivace also a great paint to use on kitchen and bathroom cupboards in case top performance and a lack of brush marks is needed.

Colours: All 200+ Autentico colours, plus ALL RAL and NCS  
Main features: Top performance. Very fine grade. No extra protection  
Volumes: 750ml, 2,5L

# ESTERNO: PERMEABLE AND PROTECTIVE

Autentico Esterno is our award-winning, matt finish exterior hybrid paint, designed for brickwork, masonry and rendering.

When dry, Autentico Esterno forms a protective layer that is as moisture-proof as any premium acrylic paint but also has the microporous and breathable qualities of mineral paint. With a steam diffusion value of only 0,034 (SD value), Esterno finds itself at the absolute top of permeable paints. The result is the ideal protective layer by which the treated material keeps its properties and retains the moisture exchange with the environment surrounding the building. Esterno is fire-retardant too.

Colours:	All 200+ Autentico colours, plus ALL RAL and NCS
Main features:	Hybrid protection, award-winning exterior paint

# PRODUCT COVERAGE OVERVIEW

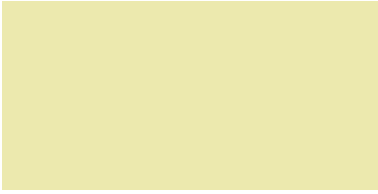

Name	All Autentico colours	Limited Autentico colours	RAL NCS colours	Indoor	Outdoor	Coverage m2/L (*)
<b>Vintage</b>	✓			✓		12 m2/L
<b>Versante</b>	✓			✓	✓	12 m2/L
<b>Velvet</b>	✓		✓	✓		12 m2/L
<b>Venice</b>		✓		✓		12 m2/L
<b>Volterra</b>		✓		✓		7 m2/L
<b>Vivace</b>	✓		✓	✓	✓	15 m2/L
<b>Esterno</b>	✓		✓		✓	7 m2/L

(\*)

In general, coverage depends on the paint viscosity vs the coat's thickness and the surface's profile and porosity.

Painting with a low viscosity paint (Vivace) on a very flat surface is likely to cover a larger surface than painting with a higher viscosity paint (Volterra) on a textured or profiled surface (such as stone bricks).
