Together We Make A Difference

When you buy Torke Coffee, you give back with us.

Since our family first started Torke Family Coffee Roasters in 1941, giving back to the people and communities who support us has always been an integral part of who we are as a family run business. As our business has grown, so has our giving.

Our success is the community's success.

Our success has become the community's success as we invest back into the people we serve. Providing great service is a core value of our business, and we take it very personally, which means we get to know our customers and learn about the causes and charities that are close to their hearts and impacting their communities. Those causes become our causes and we passionately pursue giving back to them.

1941

Elwood Torke

In 1941 our origins started in downtown Sheboygan, Wisconsin where founder Elwood Torke and his father Adolf Torke delivered hand roasted coffee with a single horse and buggy.

1956

Ward Torke

Son of Elwood, Ward Torke, saw the growth potential in the coffee wholesale market. Ward developed relationships with local restaurateurs and pioneered one of the industry's first complete coffee solutions.

2000's

Jay and Lynda, Ward's Children

In the early 2000's Jay Torke, son of Ward, joined the company representing the fourth generation. Lynda Torke, granddaughter of Elwood and daughter of Ward, is also continuing the family passion by uniting with her brother.
