Fat Boy S													
Tri-Glide	No Production			A&S Clutch	Not compatible - (If converted to a Narrow Primary Cover, VP SDR V2 will be compatible)		A&S Clutch	Not compatible - (If converted to a Narrow Primary Cover, VP SDR V2 will be compatible)		A&S Clutch	VP-SDR V2	Not required	
Free Wheeler													

1/4 inch spacer is only required if anything other than the factory derby cover is used. Aftermarket or Harley Davidson accessory type cover may or will need a derby cover spacer unless otherwise stated.

This data is based on primary cover part number compatibility. VP SDR V2 will only fit Assist Slip style clutches with the exception that the clutch basket must be centered with the derby cover opening for proper fitment.
