TREAT POUCH

Created by Erin McDaniels of Hyde & Hound

INSTRUCTIONS

1. Cut out 2 pieces of 3-4 oz. leather.
2. For the large piece, use 6mm buttonhole punch and punch a hole 2" from the edge of the flap side. Use #06 round drive punch to cut a hole 5" from same side.
3. Thread smaller piece of leather through loop of snap.
4. Fold the bag side up to 4" with right sides together. With the snap and small piece of leather inside the pouch and sew the two sides together. Sew with sewing machine designed for leather or hand stitch using saddle-stitch method.
5. Trim off tips of the corners and turn bag right side out.
6. Cut the flap part of pouch as pattern.
7. Screw button stud to front of bag with screwdriver.
8. Attach grommet to back of back with grommet setter.
9. Optional: Soften leather by using leather conditioner on bag.
