

GIFT IDEA #1

STAMPED EARRINGS

Created by Jennifer Watkins of Red Pony Leather Goods

PATTERN 

STAMPED EARRINGS

Created by Jennifer Watkins of Red Pony Leather Goods

INSTRUCTIONS

1. Cut a small piece of tooling leather about 4" x 4" square.
2. Using your tracing pattern and film, trace the pattern onto the film with a pencil.
Optional: Leave extra space around edges and tape to leather to prevent movement.
3. Wet leather with sponge and let dry briefly. While still damp, trace pattern onto leather.
4. Remove tracing film and cut pattern out with craft knife.
5. Use rotary punch to create a small hole in the leather at the top each earring for hardware.
6. Use edge beveler to finish edges of earrings.
7. Before stamping, case leather with water.
8. Stamp patterns into leather while still damp with stamps of your choice, using a larger stamp for middle of earrings. Allow leather to dry completely.
9. Use wool dauber to apply dye in a circular motion until earrings are dyed evenly on front and back. Allow to dry completely.
10. Use wood dauber to dye edges of earrings. Allow to dry for a minute and burnish edges.
11. Optional: Apply antique stain in a circular motion with wool dauber.
12. Buff earrings with clean rag and apply hardware.
