Kenyon is changing the way people think about cooking with a line of electric grills that has transformed traditional grilling.

Kenyon is excited to introduce another groundbreaking product to the Marine Industry.

The patent pending Kenyon VDC Grill combines our industry leading products with innovative 48 VDC IntelliKEN technology to produce the first ever battery-operated grill.

Experience outstanding grilled food. The performance, quality, and features are the same that you have come to expect on all our products.

The user-friendly Kenyon IntelliKEN control allows highly efficient grilling with precision temperature, while minimizing power consumption.

Know exactly the correct temperature and time while producing the finest grilled food ever.

All Kenyon products are backed by an exclusive 3-year product replacement warranty.
