ABOUT US

Founder, Director
Liza Rohmat

Programmes Manager
Afidah Hashim

Cak Cak Kuti was established in 2013 by a former teacher who has had about a decade of teaching experience. Starting out as a relief teacher right from the day she graduated from polytechnic, her passion for teaching has always been deeply rooted in her veins.

Throughout her teaching profession, she found that there is a huge lacking in Malay teaching resources for schools to complement the existing resources provided by the ministry. More often than not, teachers had to travel to the neighbouring country to get their resources or even create materials on their own. However, due to their busy schedules, this is often a huge challenge.

Therefore, after her resignation, but not wanting to leave the profession totally, coupled with her knowledge in design and skills in ICT, Cak Cak Kuti was founded.

One year on, Cak Cak Kuti not only carries Malay Language teaching resources but due to popular demand, it also caters to English, Chinese, Tamil and Arabic Language.

In 2015, Cak Cak Kuti expanded its wings to focus on adding value to students too! We are proud to introduce you to our line up of educational programmes that promises to bring learning the language and culture to a whole new level! Find out more about our educational programmes here!

We believe that education is a lifelong journey. Continue to create, innovate and educate in our quest for a better tomorrow.

Come explore the limitless possibilities with Cak Cak Kuti today!

IMPORTANT

For school-based programmes, kindly take note of the following:

- At least 1 teacher per location/level **must** be present to maintain student discipline and render assistance during an emergency.
- Cak Cak Kuti takes full precaution on all safety aspects of our activities.
- We will not be liable for any loss/damage of property or belongings and injury suffered by participant(s), during the course of the session.
- Our facilitators/Instructors will be present with the students to guide them during any physical activity and to ensure students' safety.
- There will be at least 1 facilitator/Instructor assigned to every 20 students in the activity that is held indoors or within the school premises.
- We will require any student that is deemed to be unsuitable for the activity to be excused.
- We strive to maintain a fun learning experience for all participants.

This document only serves as a reference. No copies or distribution is allowed. Kindly request for a quotation for your programme of interest. Booking is only confirmed upon completion and submission of the booking form.

We look forward to serving you.

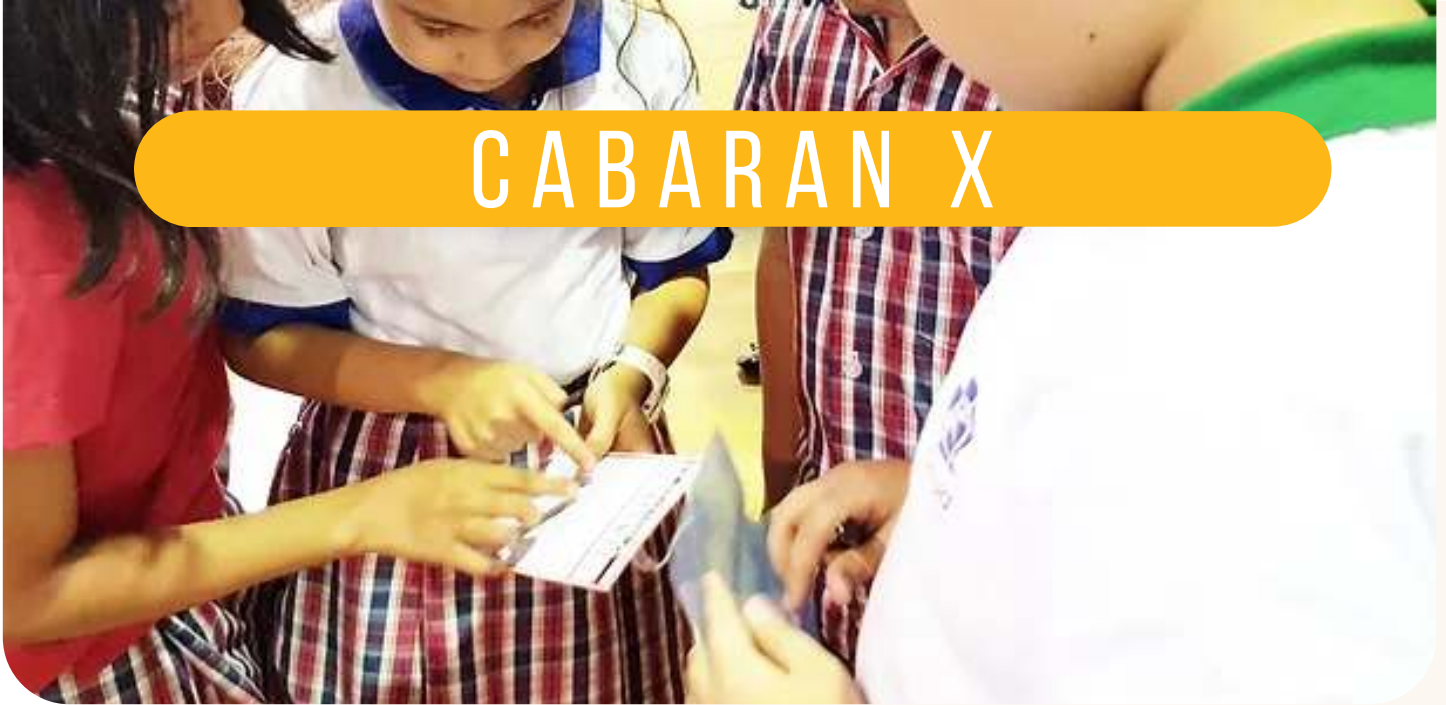

BALIK KAMPUNG

Back in the kampung days, children learnt to use scraps they collected around their neighbourhood and invented games with the items to occupy their time. These recycled items include coconut parts, metal scraps and gunny sacks. Let's relive the good old times and immerse yourself in the fun kampung spirit with these games!

| | |
|-------------------------|---|
| Objective(s) | At the end of the programme, <ol style="list-style-type: none">1. participants will be able to experience playing the traditional games that is unique to the kampung days.2. participants will learn the value of teamwork, perseverance and respecting one another through the hands-on activities. |
| Language | English/Malay |
| Duration | 60/90/120 min |
| Target Group | Any age group (suitable for level, whole school or corporate team-bonding session) |
| No of Participants | Min 50pax |
| Lesson Brief (90min) | 15 min <ul style="list-style-type: none">• Participants will arrive in groups and ready for briefing.• Participants will be briefed on how to play the game and safety procedures. 60 min <ul style="list-style-type: none">• Participants will head to their respective stations in groups. At each station, participants will be briefed on the traditional game background and demonstrated on how to play the game.• Once they have been briefed, participants get to experience the game play.• The whistle will be blown after 10-15 minutes of play at the station. After which, the groups will then move on to the next station.• The procedure will be repeated until they complete all the game stations. 15 min <ul style="list-style-type: none">• Lesson wrap up• Group photo-taking |
