Length (cm)

Standard length 41-47

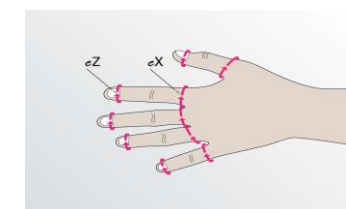

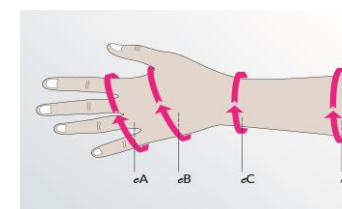

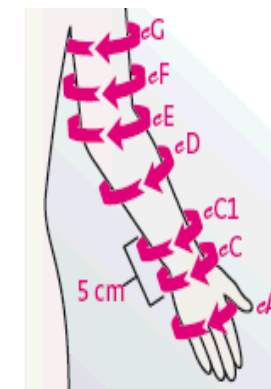

Harmony Measuring Techniques

1. measure **without tension**
2. measure circumference C,C1,D,E **in a relaxed position** with the arm on the table
3. **E** the arm is slightly bent
4. **F** and **G** are measured in a **standing position** with the arm beside the body
5. **Length** is taken inside of the straight arm
