Forever FLOWERZ

**DAZZLING DAHLIAS
DIE AND STAMP SET
INSTRUCTION MANUAL**

www.foreverflowerz.co.uk

The Craft Buddy Forever Flowerz dies and stamps are a perfect accompaniment to work alongside the ready cut Forever Flowerz fabric flower kits. They will enable you to die cut your chosen flower out of your choice of papers, felt, fabric and create coordinating stamped detail as well as adding so much more to handmade gifts, home decor and all your other craft projects. The die cut flowers are made using the same system and accessories as all the Forever Flowerz kits, and with the addition of the stamps and extra accessory packs your creativity can really start to bloom as you create your own flowers. Soon you will be turning the petal shapes you've die cut into all sorts of new flowers. With endless crafting possibilities to add in additional inks, paints, sprays, embellishments and sparkle; the Forever Flowerz range is truly a craft that will grow with you as your creativity blossoms.

Dazzling Dahlias Stamp set

The Craft Buddy Dazzling Dahlias stamp set can be used to create coordinating embellishments, toppers and backgrounds for your personalised projects. Whether you want to create a matching card or tag, a decorated box for your floral gift or create picture pieces to colour, the endless creativity these stamps give you means you can really let your imagination fly!

Dazzling Dahlia Die

Why not try using;

- Tissue paper
- Patterned paper / card
- Handmade paper
- Vellum / Parchment
- Felt
- Foil / satin / glitter card
- Flower forming foam
