Instructions

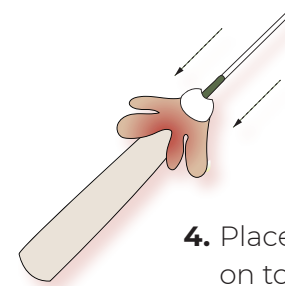

1. Take the **flower making tool** and place a **flower stem** onto the tool, with the flat base at the bottom, pushing it all the way on.

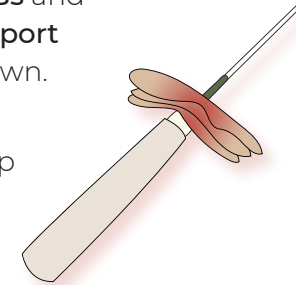

2. Take **1x petal A** and place onto stem, pushing them to the bottom. (The flower petals can sometimes be stuck together, please ensure you separate them before putting them on).

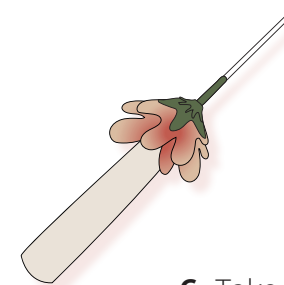

3. Place your **inner support** on top and press firmly down.

4. Place the **2x petal Bs** and on top of **inner support** and press firmly down.

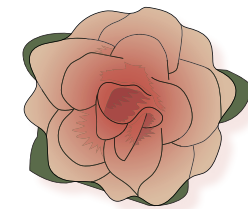

5. Place **1 basket support** on top and press firmly down and then the **2x petal Cs**.

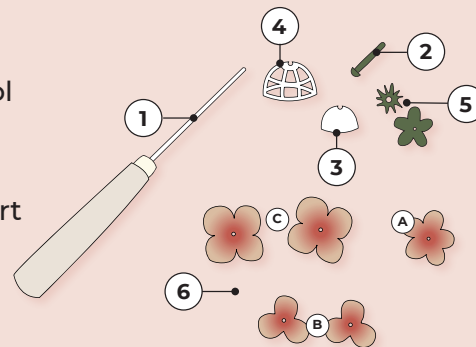

5. Add the **leaf** followed by the **base cap** (green flower bud) and push firmly on.

6. Take the flower off the tool and "fluff" out your flower.

BOX CONTENTS:

1. flower making tool
2. flower stem
3. inner support
4. basket cup support
5. leaf & base cap
6. petals

*To add extra effect, you can colour the flowers with **glitter pens**, **shimmer paints**, **crystal drops**, **sprays**, or add **glitter**, **gilding flakes** or **foil**!*
