

# Elakai®

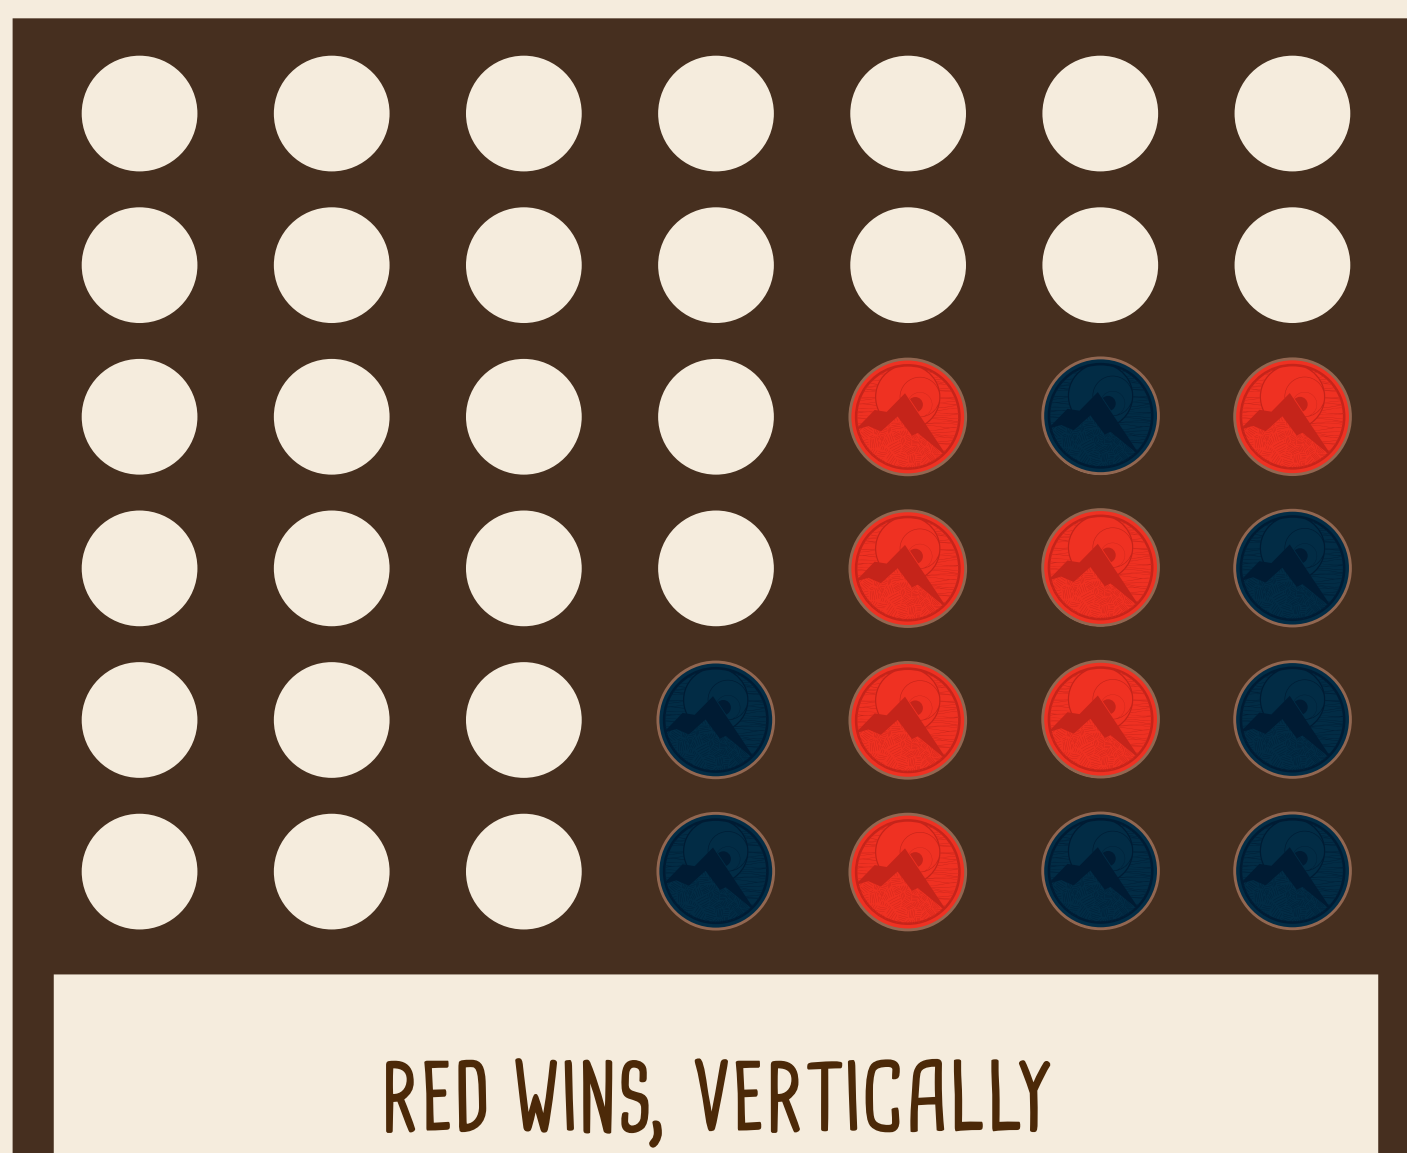

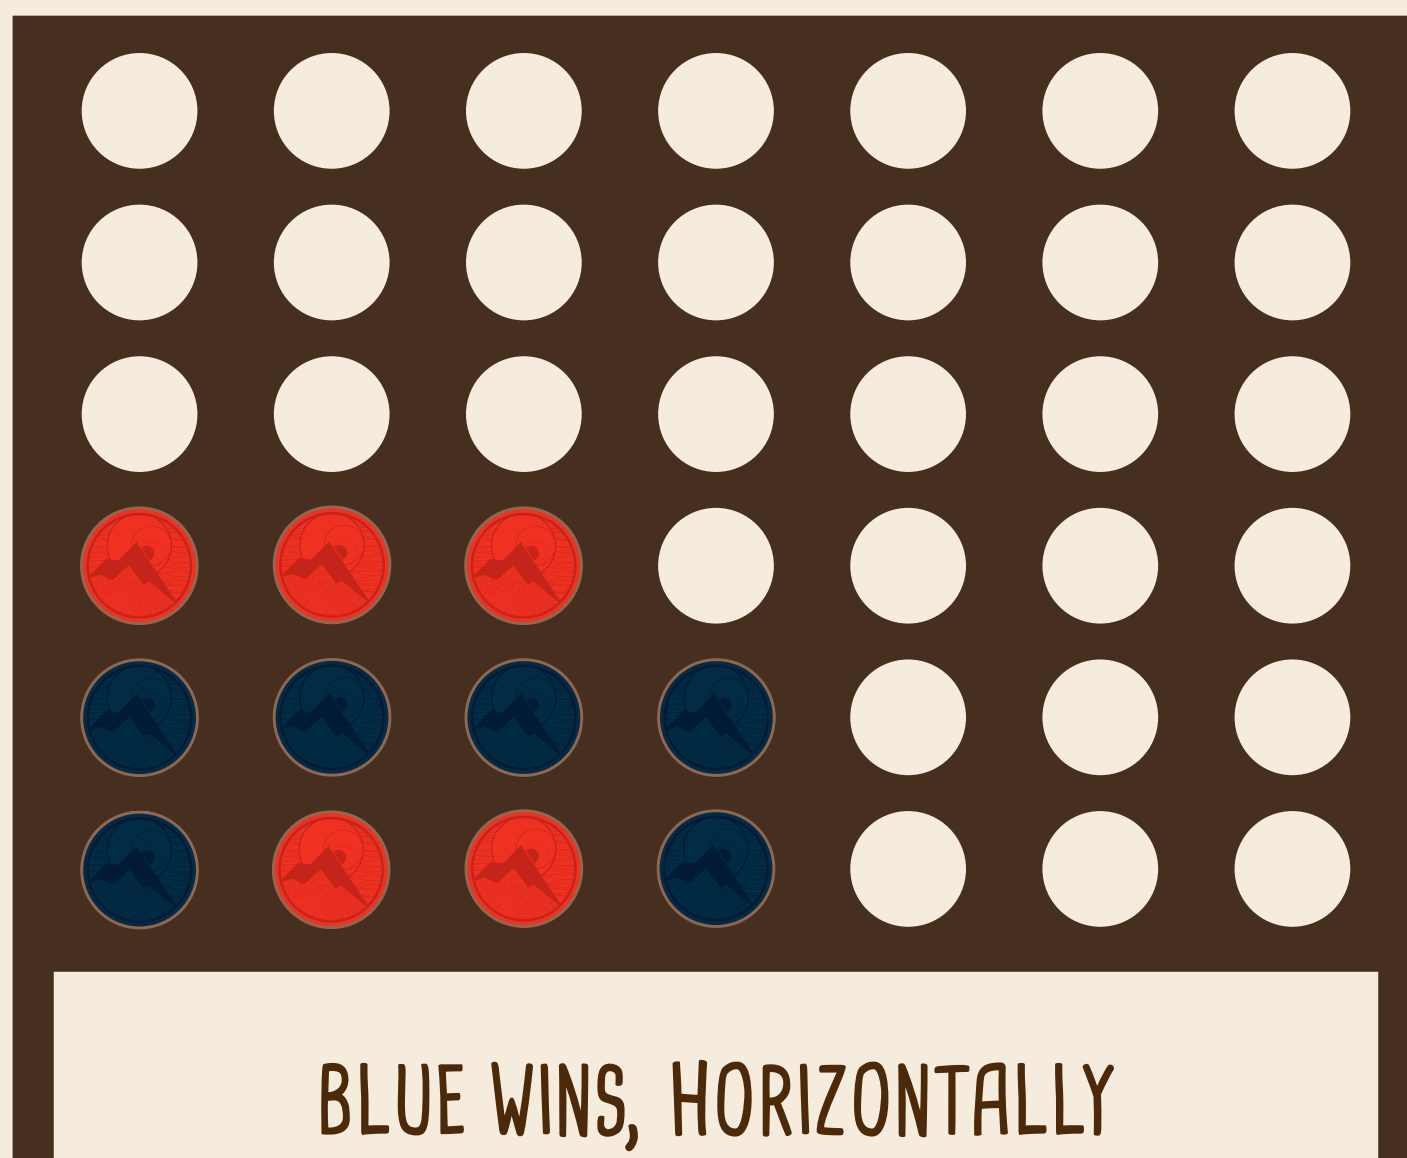

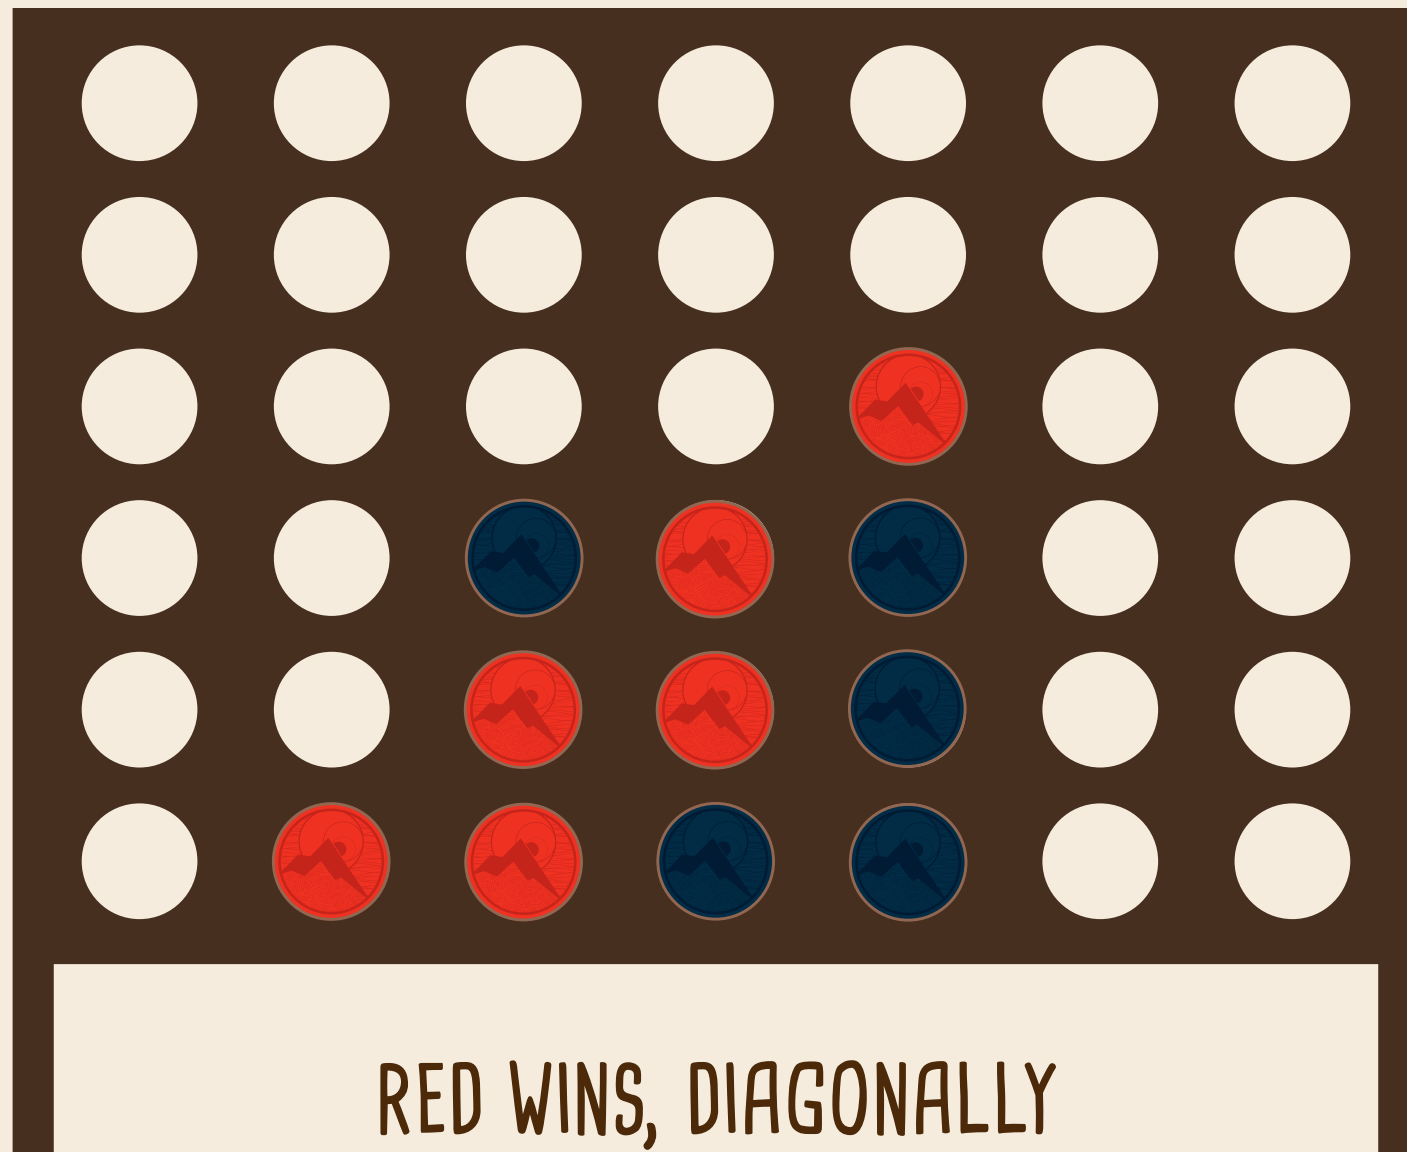

OUTDOOR GAMES FOR LIFE™

## Giant 4 In A Row

MANUAL

# Scoring Examples

# The Setup

---

- Remove legs and playing board from the carry bag. Slide each leg into position on the playing board.
- Once the legs are in position, separate the game pieces (red and blue discs) by color. One player claims one color and the other player claims the other color.
- Flip a coin to determine which player goes first.
- You are now ready to play Elakai Giant 4 In A Row!

# The Rules

---

**First 4 discs in a row wins.**

- Player 1 won the coin toss and makes the first move by putting their disc into the playing board.
- Player 2 then makes their first move by putting their disc into the playing board.
- Players then alternate turns until one player has dropped 4 discs of the same color into a row.
- The player to get 4 discs of the same color in a row must then shout “4 in a Row”.

## **Best of Series**

- Two players compete to see how many times they can get 4 in a row to win a game. Series can consist of 3, 5, or 7 games. The player that wins the most games out of the X game series is deemed the winner.

# Scoring

---

- Rows of 4 discs of the same color can be created horizontally, vertically, or diagonally by placing discs strategically on the playing board when it is your turn.
- See “**Scoring Examples**” section from page 1.

# Care and Maintenance

---

## Keep it Clean

Use a damp cloth to wipe off dust and dirt after every use. If it is a bigger job that requires something more heavy duty, use warm, soapy water. Cleaning your playing board will keep it from deteriorating over time.

## Update the Coat

Our games come pre-coated with a high-grade polyurethane that protects not only the aesthetic of the wood but also, it’s integrity. Different climates and weather can change the length of the protection you get from our original process, so if you start to see some wear you should simply add another layer of polyurethane to extend the life of your game.

## Mind The Elements

Hail, rain, snow, mud, and heat can damage your game. Protect your game from extreme weather and do not play in harsh conditions.

# House Rules

---

- a. Rules not found in a game's manual**
- b. Made-up rules followed within one's specific household**

# Live Your Best Outdoor Life

Share photos of you and your friends  
living your best outdoor life playing  
Elakai Games, and contribute to our  
**Play, Post, Plant™** initiative!
